(2) The regional convention and visitors commission shall hold the revenues received from the professional sports teams in the St. Louis area in separate accounts for each team. Each team may submit an annual marketing plan to the commission. Expenses of a team which are in accordance with the marketing plan shall be reimbursed by the commission as long as moneys are available in the account. 3. In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

6. The school district **or charter school** may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

11. Nothing in this section shall be construed to alter the standards for suspension, denial, or revocation of a certificate issued pursuant to this chapter.

12. The state board of education may promulgate rules for criminal history background checks made pursuant to this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void.

Provided a claim has been filed pursuant to the procedures set forth in the Missouri standard specifications for highway construction, or its successor, upon issuance of a final decision as provided in such standards or upon expiration of ninety days from the date the claim was filed, the controversy or claim shall upon written demand by any party to the contract be settled by arbitration administered by the American Arbitration Association under its Construction Industry Arbitration Rules, except as provided herein. The highways and transportation commission shall promulgate rules pursuant to chapter 536, to become effective on or before July 1, 2004, establishing a method for appointment of arbitrators and allowing for the mediation of claims upon agreement of both parties. Judgment upon awards rendered under arbitration shall be entered in the circuit court of Cole County, Missouri.

2. Any contract specification, special provision, contract clause, or rule pertaining to contracts governed by this section, which purports to waive, release or extinguish the rights of a contractor to file a claim, or which purports to bind any court of competent jurisdiction or alternate dispute resolution process to any determinations of fact rendered by the Missouri department of transportation or its employees and agents so as to prevent any such court or alternate dispute resolution process from fully considering the merits of any controversy or claim governed by this section, is against public policy and shall be void and unenforceable.

3. All general specification documents issued by the Missouri department of transportation under this section shall be subject to the rulemaking requirements of chapter 536 to ensure public notice, comment, and legislative oversight as provided by law.

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void.

(6) "Urban area", an urban place as designated by the Bureau of the Census, having a population of five thousand or more within boundaries to be fixed by the state highways and transportation commission and local officials in cooperation with each other and approved by the Secretary of Transportation, or an urbanized area as designated by the Bureau of the Census within boundaries to be fixed by the state highways and transportation commission and local officials and approved by the Secretary of Transportation. The boundary of the urban area shall, as a minimum, encompass the entire urban place as designated by the Bureau of the Census.

226.540. Notwithstanding any other provisions of sections 226.500 to 226.600, outdoor advertising shall be permitted within six hundred and sixty feet of the nearest edge of the right-of-way of highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended in areas zoned industrial, commercial or the like and in unzoned commercial and industrial areas as defined in this section, subject to the following regulations which are consistent with customary use in this state:

(1) Lighting:

(a) No revolving or rotating beam or beacon of light that simulates any emergency light or device shall be permitted as part of any sign. No flashing, intermittent, or moving light or lights will be permitted except scoreboards and other illuminated signs designating public service information, such as time, date, or temperature, or similar information, will be allowed; tri-vision, projection, and other changeable message signs shall be allowed subject to Missouri highways and transportation commission regulations;

(b) External lighting, such as floodlights, thin line and gooseneck reflectors are permitted, provided the light source is directed upon the face of the sign and is effectively shielded so as to prevent beams or rays of light from being directed into any portion of the main traveled way of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System and

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures, an official traffic sign, device, or signal;

(2) Size of signs:

(a) The maximum area for any one sign shall be eight hundred square feet with a maximum height of thirty feet and a maximum length of seventy-two feet, inclusive of border and trim but excluding the base or apron, supports, and other structural members. The area shall be measured as established herein and in rules promulgated by the commission. In determining the size of a conforming or nonconforming sign structure, temporary cutouts and extensions installed for the length of a specific display contract shall not be considered a substantial increase to the size of the permanent display; provided the actual square footage of such temporary cutouts or extensions may not exceed thirty-three percent of the permanent display area. Signs erected in accordance with the provisions of sections 226.500 to 226.600 prior to August 28, 2002, which fail to meet the requirements of this provision shall be deemed legally nonconforming as defined herein;

(b) The maximum size limitations shall apply to each side of a sign structure, and signs may be placed back to back, double faced, or in V-type construction with not more than two displays to each facing, but such sign structure shall be considered as one sign;

(c) After August 28, 1999, no new sign structure shall be erected in which two or more displays are stacked one above the other. Stacked structures existing on or before August 28, 1999, in accordance with sections 226.500 to 226.600 shall be deemed legally nonconforming and may be maintained in accordance with the provisions of sections 226.500 to 226.600. Structures displaying more than one display on a horizontal basis shall be allowed, provided that total display areas do not exceed the maximum allowed square footage for a sign structure pursuant to the provisions of paragraph (a) of this subdivision;

(3) Spacing of signs:

(a) On all interstate highways, freeways, and nonfreeway federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System:

a. No sign structure shall be erected within one thousand four hundred feet of an existing sign on the same side of the highway;

b. Outside of incorporated municipalities, no structure may be located adjacent to or within five hundred feet of an interchange, intersection at grade, or safety rest area. Such five hundred feet shall be measured from the beginning or ending of the pavement widening at the exit from or entrance to the main traveled way. For purpose of this subparagraph, the term "incorporated municipalities" shall include "urban areas", except that such "urban areas" shall not be considered "incorporated municipalities" if it is finally determined that such would have the effect of making Missouri be in noncompliance with the requirements of Title 23, United States Code, Section 131;

(b) The spacing between structure provisions of this subdivision do not apply to signs which are separated by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time. Directional or other official signs or those advertising the sale or lease of the property on which they are located, or those which advertise activities on the property on which they are located, including products sold, shall not be counted, nor shall measurements be made from them for the purpose of compliance with spacing provisions;

(c) No sign shall be located in such manner as to obstruct or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or physically interfere with a motor vehicle operator's view of approaching, merging, or intersecting traffic;

(d) The measurements in this section shall be the minimum distances between outdoor advertising sign structures measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply only to outdoor advertising sign structures located on the same side of the highway involved;

(4) As used in this section, the words "unzoned commercial and industrial land" shall be defined as follows: that area not zoned by state or local law or ordinance and on which there is located one or more permanent structures used for a commercial business or industrial activity or on which a commercial or industrial activity is actually conducted together with the area along the highway extending outwardly seven hundred fifty feet from and beyond the edge of such activity. All measurements shall be from the outer edges of the regularly used improvements, buildings, parking lots, landscaped, storage or processing areas of the commercial or industrial

activity and along and parallel to the edge of the pavement of the highway. **On nonfreeway primary highways where there is an unzoned commercial or industrial area on one side of the road in accordance with this section, the unzoned commercial or industrial area shall also include those lands located on the opposite side of the highway to the extent of the same dimensions.** Unzoned land shall not include:

(a) Land on the opposite side of the highway from an unzoned commercial or industrial area as defined in this section and located adjacent to highways located on the interstate~~], federal aid primary system as it existed on June 1, 1991, or the national highway system as amended, unless the opposite side of the highway qualifies as a separate unzoned commercial or industrial area]~~ **or freeway primary highways;** or

(b) Land zoned by a state or local law, regulation, or ordinance;

(5) "Commercial or industrial activities" as used in this section means those which are generally recognized as commercial or industrial by zoning authorities in this state, except that none of the following shall be considered commercial or industrial:

(a) Outdoor advertising structures;

(b) Agricultural, forestry, ranching, grazing, farming, and related activities, including seasonal roadside fresh produce stands;

(6) The words "unzoned commercial or industrial land" shall also include all areas not specified in this section which constitute an "unzoned commercial or industrial area" within the meaning of the present Section 131 of Title 23 of the United States Code, or as such statute may be amended. As used in this section, the words "zoned commercial or industrial area" shall refer to those areas zoned commercial or industrial by the duly constituted zoning authority of a municipality, county, or other lawfully established political subdivision of the state, or by the state and which is within seven hundred fifty feet of one or more permanent commercial or industrial activities. Commercial or industrial activities as used in this section are limited to those activities:

(a) In which the primary use of the property is commercial or industrial in nature;

(b) Which are clearly visible from the highway and recognizable as a commercial business;

(c) Which are permanent as opposed to temporary or transitory and of a nature that would customarily be restricted to commercial or industrial zoning in areas comprehensively zoned; and

(d) In determining whether the primary use of the property is commercial or industrial pursuant to paragraph (a) of this subdivision, the state highways and transportation commission shall consider the following factors:

a. The presence of a permanent and substantial building;

b. The existence of utilities and local business licenses, if any, for the commercial activity;

c. On-premise signs or other identification;

d. The presence of an owner or employee on the premises for at least twenty hours per week;

(7) In zoned commercial and industrial areas, whenever a state, county or municipal zoning authority has adopted laws or ordinances which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of sections 226.500 to 226.600 and with customary use, then from and after the effective date of such regulations, and so long as they shall continue in effect, the provisions of this section shall not apply to the erection of signs in such areas. Notwithstanding any other provisions of this section, after August 28, 1992, with respect to any outdoor advertising which is regulated by the provisions of subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527:

(a) No county or municipality shall issue a permit to allow a regulated sign to be newly erected without a permit issued by the state highways and transportation commission;

(b) A county or municipality may charge a reasonable one-time permit or inspection fee to assure compliance with local wind load and electrical requirements when the sign is first erected, but a county or municipality may not charge a permit or inspection fee for such sign after such initial fee. Changing the display face or performing routine maintenance shall not be considered as erecting a new sign;

(8) The state highways and transportation commission on behalf of the state of Missouri, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that sections 226.500 to 226.600 are in conformance with that Section 131 and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the attorney general of this state shall institute proceedings described in subsection (1) of that Section 131.

226.550. 1. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 shall be erected or maintained on or after August 28, 1992, without a one-time permanent permit issued by the state highways and transportation commission. Application for permits shall be made to the state highways and transportation commission on forms furnished by the commission and shall be accompanied by a permit fee of two hundred dollars for all signs; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, service organizations as defined in subdivision (12) of section 313.005, veterans' organizations as defined in subdivision (14) of section 313.005, and fraternal organizations as defined in subdivision (8) of section 313.005 shall be granted a permit for signs less than seventy-six square feet without payment of the fee. **The permit fee of two hundred dollars shall be waived for landowners, provided that the landowner is the permit holder and owns both the land upon which the outdoor advertising is placed and the business being advertised on the sign, so long as the business being advertised is located within seven hundred fifty feet of the sign location.** In the event a permit holder fails to erect a sign structure within twenty-four months of issuance, said permit shall expire and a new permit must be obtained prior to any construction.

2. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 which was erected prior to August 28, 1992, shall be maintained without a one-time permanent permit for outdoor advertising issued by the state highways and transportation commission. If a one-time permanent permit was issued by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, it is not necessary for a new permit to be issued. If a one-time permanent permit was not issued for a lawfully erected and lawfully existing sign by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, a one-time permanent permit shall be issued by the commission for each sign which is lawfully in existence on the day prior to August 28, 1992, upon application and payment of a permit fee of two hundred dollars. All applications and fees due pursuant to this subsection shall be submitted before December 31, 1992. **The permit fee of two hundred dollars shall be waived for landowners, provided that the landowner is the permit holder and owns both the land upon which the outdoor advertising is placed and the business being advertised on the sign, so long as the business being advertised is located within seven hundred fifty feet of the sign location.**

3. For purposes of sections 226.500 to 226.600, the terminology "structure lawfully in existence" or "lawfully existing" sign or outdoor advertising shall, nevertheless, include the following signs unless the signs violate the provisions of subdivisions (3) to (7) of subsection 1 of section 226.580:

- (1) All signs erected prior to January 1, 1968;

twenty-five dollars, which shall include the railroad crossing safety fee prescribed in section 389.612.

2. The annual registration fee for motorcycles, motortricycles, and autocycles is ten dollars, which shall include the railroad crossing safety fee prescribed in section 389.612.

~~[2-]~~ **3.** Notwithstanding any other provision of law, the registration of any autocycle registered as a motorcycle or motortricycle prior to August 28, 2018, shall remain in effect until the expiration of the registration period for such vehicle at which time the owner shall be required to renew the motor vehicle's registration under the autocycle classification and pay the appropriate registration fee.

301.070. 1. ~~[In determining fees based on the horsepower of vehicles propelled by internal combustion engines, the horsepower shall be computed and recorded upon the following formula established by the National Automobile Chamber of Commerce: Square the bore of the cylinder in inches multiplied by the number of cylinders, divided by two and one half.~~

~~2. The horsepower of all motor vehicles propelled by steam may be accepted as rated by the manufacturers thereof, or may be determined in accordance with regulations promulgated by the director.~~

~~3. The horsepower of all motor vehicles, except commercial motor vehicles, propelled by electric power, shall be rated as being between twelve and twenty four horsepower.~~

4.] Fees of commercial motor vehicles, other than passenger-carrying commercial motor vehicles, shall be based on the gross weight of the vehicle or any combination of vehicles and the maximum load to be carried at any one time during the license period, except the fee for a wrecker, tow truck, rollback or car carrier used in a towing service shall be based on the empty weight of such vehicle fully equipped for the recovery or towing of vehicles.

~~[5-]~~ 2. The decision of the director as to the type of motor vehicles and their classification for the purpose of registration and the computation of fees therefor shall be final and conclusive.

301.110. 1. Whenever the director shall determine from an increase or decrease in the number of registrations of all types of motor vehicles in any given month that the volume of clerical work of registration of all types of motor vehicles in such month has become so disproportionate to the volume of work in the remaining registration periods as to render the system burdensome or inefficient, he is authorized and empowered to change the registration period of any number of motor vehicles, other than commercial motor vehicles, as may be necessary to increase or reduce the volume of registration in one or more periods by advancing the renewal date and shortening the registration period of such motor vehicles.

2. The shifting of registration periods shall be accomplished by notifying the registrants of the change, and giving them credit for that portion of the registration period not yet elapsed. In such instances the director shall order the registrant to surrender the license plates and registration certificate held by him and shall assign and issue, without cost to the owner, new plates and a registration certificate designating the new registration expiration date.

3. Notwithstanding subsection 6 of section 142.869 or any other provision of law to the contrary, the director may stagger the collection of alternative fuel decal fees and issuance of alternative fuel decals so that issuance of alternative fuel decals occurs at the time of vehicle registration and the decal or decals are valid for the duration of the vehicle's registration period. In lieu of an alternative fuel decal, the director may issue a receipt showing payment of the alternative fuel decal fee, which shall be kept with the vehicle and valid in place of an alternative fuel decal displayed in accordance with section 142.869.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, autocycles, motorscooters, and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent, **nontinted** cover so long as the plate is plainly visible and ~~the~~ **the plate's** reflective qualities are not impaired. **Additionally, license plate frames shall not cover or obscure any information that is necessary for law enforcement purposes.**

License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles, autocycles, and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for twenty-four thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section

301.030. On and after August 28, 2016, owners of motor vehicles, other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may apply for any preexisting or hereafter statutorily created special personalized license plates.

9. No later than January 1, 2019, the director of revenue shall commence the reissuance of new license plates of such design as approved by the advisory committee under section 301.125 consistent with the terms, conditions, and provisions of section 301.125 and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of [horsepower,] gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity[;] not in excess of that originally registered. When such motor vehicle is of greater [horsepower,] gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less [horsepower,] gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of [horsepower,] gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity[;] not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater [horsepower,] gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less [horsepower,] gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. (1) The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, ~~for no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213,~~ or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon **satisfaction of all applicable taxes under chapter 144, upon** proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor

vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

(2) The provisions of subdivision (1) of this subsection requiring satisfaction of all applicable taxes under chapter 144 shall become effective only upon notification by the director of the department of revenue to the revisor of statutes that implementation of such requirements are technologically feasible following the development and maintenance of a modernized, integrated system for the titling of vehicles, the issuance and renewal of vehicle registrations, the issuance and renewal of drivers' licenses and identification cards, and the perfection and release of liens and encumbrances on vehicles.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. **Notwithstanding any provision of law to the contrary, a person may be stopped or inspected by law enforcement, based on reasonable suspicion that a temporary permit violation has occurred, in order to determine whether a temporary permit is current or valid. Upon a determination by law enforcement that a temporary permit is expired by at least seventy days, or that a temporary permit has been altered, the law enforcement officer conducting the stop shall issue a citation and such person shall be fined in the amount of two hundred fifty dollars. If the person properly registers the vehicle within thirty days of the issuance of a citation, the prosecutor shall nolle prosequi the citation, court costs shall be waived, and the offense shall not be registered as a violation on the person's driving record. If the vehicle is stopped a second time for a temporary permit violation after such thirty-day time period has lapsed, the vehicle shall be impounded until such time as the vehicle is properly registered. It shall be the responsibility of the owner of the vehicle to work with the impound lot owner if there is an issue with the vehicle's safety inspection.**

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

~~11.~~ 12. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

(f) Except as otherwise provided in subdivision (3) of subsection 16 of this section, a person's age, in and of itself, shall not be a factor in determining whether such person is physically disabled or is otherwise entitled to disabled license plates and/or disabled windshield hanging placards within the meaning of sections 301.141 to 301.143;

(5) "Physician", a person licensed to practice medicine pursuant to chapter 334;

(3) Include the physician's or other authorized health care practitioner's license number; and

Otherwise, the physician or other authorized health care practitioner shall note on the statement the anticipated length of the disability, which shall determine the expiration date for the temporary windshield placard, and which period shall not exceed one hundred eighty days. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days.

5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. 10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every ~~four~~ eight years. **The department shall have the authority to automatically renew current valid disabled placards for a duration of eight years, or for the duration that correlates with the person's current physician's statement expiration date, until all permanent disabled placards are on an eight-year renewal cycle.** The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. A windshield placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

14. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

15. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

16. (1) Except as otherwise provided in this subsection, every applicant for issuance of a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application, and for renewal applications a physician's statement dated no more than ninety days prior to such application shall be required every eighth year.

(2) Notwithstanding any provision of law to the contrary, if the applicant has presented proof of disability in the form of a statement from the United States Department of Veterans Affairs verifying that the person is permanently disabled, the applicant shall not be required to provide a physician's statement for the purpose of issuance or renewal of disabled person license plates or windshield placards.

(3) Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided a physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled person license plates or windshield placards.

17. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to ~~physician's~~ **physicians'** statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to ~~physician's~~ **physicians'** statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to ~~physician's~~ **physicians'** statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to ~~physician's~~ **physicians'** statements signed by physicians of the foot or podiatrists, **or the Missouri board of occupational therapy established in section 324.063, with respect to physicians' statements signed by licensed occupational therapists,** to determine whether the physician is duly licensed and registered pursuant to law.

18. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

19. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

20. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

21. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

22. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the

director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

23. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

24. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

25. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

26. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist ~~[or]~~, optometrist, **or occupational therapist** to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.

301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of fifty-four thousand pounds gross weight, the option of biennially registering motor vehicles. ~~[Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:]~~

~~(1)]~~ The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional ~~[twelve]~~ months of the biennial registration];

~~(2) Presentation of].~~ **The applicant shall present** all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, proof of a motor vehicle safety inspection and any applicable emission inspection conducted within sixty days prior to the date of application, and proof of insurance as required by section 303.026.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight **to equalize workload or for the convenience of registration applicants**. Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ **the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard, or in the reserves for any such branch,** ~~[the United States Coast Guard or reserve,]~~ the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former member of any such branch of service as the director may require. Upon presentation of the proof of eligibility and annual payment of the fee required for personalized license plates in section 301.144, and other fees and documents which may be required by law, the department shall issue personalized license plates which shall bear the seal, logo or emblem, along with a word or words designating the

branch or subdivision of such service for which the person applies. All seals, logos, emblems or special symbols shall become an integral part of the license plate; however, no plate shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall be approved by the advisory committee established in section 301.129 and by the branch or subdivision of such service or the Marine Corps League prior to issuing such plates. The plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129. The plates shall be clearly visible at night and shall be aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. All license plates issued under this provision must be renewed in accordance with law. License plates issued under the provisions of this section shall not be transferable to any other person, except that any registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the duration of the year licensed, in the event of the death of the qualified applicant.

301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed on multiyear license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblems.

2. Upon annual application and payment of a twenty-five dollar emblem-use authorization fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented to the director of the department of revenue at the time of registration of a motor vehicle.

3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the regular registration fees and documents which may be required by law, the director of the department of revenue shall issue a license plate, which shall bear an emblem of the Missouri conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

4. Application for the emblem-use authorization and payment of the twenty-five-dollar contribution may also be made at the time of registration to the director of the department of revenue, who shall deposit the contribution to the credit of the Missouri conservation heritage foundation.

5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage foundation emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the foundation emblem, as otherwise provided by law.

[5-] 6. The director of the department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

301.558. 1. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may fill in the blanks on standardized forms in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer if the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer does not charge for the services of filling in the blanks or otherwise charge for preparing documents.

2. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may charge an administrative fee in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services not prohibited by this section. A portion of the administrative fee may result in profit to the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer.

3. (1) Ten percent of any fee authorized under this section and charged by motor vehicle dealers or **trailer dealers** shall be remitted to the motor vehicle administration technology fund established in this subsection, for the

development of the system specified in this subsection. Following the development of the system specified in this subsection, the director of the department of revenue shall notify motor vehicle dealers **and trailer dealers**, and implement the system, and the percentage of any fee authorized under this section required to be remitted to the fund shall be reduced to ~~[one]~~ **three and one-half** percent, which shall be used for maintenance of the system. This subsection shall expire on January 1, 2037.

(2) There is hereby created in the state treasury the "Motor Vehicle Administration Technology Fund", which shall consist of money collected as specified in this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the purpose of development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles.

(3) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(4) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. No motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer that sells or leases new or used motor vehicles, **trailers**, vessels, or vessel trailers and imposes an administrative fee of five hundred dollars or less in connection with the sale or lease of a new or used **motor** vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services shall be deemed to be engaging in the unauthorized practice of law. The maximum administrative fee permitted under this subsection shall be increased annually by an amount equal to the percentage change in the annual average of the Consumer Price Index for All Urban Consumers or its successor index, as reported by the federal Bureau of Labor Statistics or its successor agency, or by zero, whichever is greater. The director of the department of revenue shall annually furnish the maximum administrative fee determined under this section to the secretary of state, who shall publish such value in the Missouri Register as soon as practicable after January fourteenth of each year.

5. If an administrative fee is charged under this section, the same administrative fee shall be charged to all retail customers unless the fee is limited by the dealer's franchise agreement to certain classes of customers. The fee shall be disclosed on the retail buyer's order form as a separate itemized charge.

6. A preliminary worksheet on which a sale price is computed and that is shown to the purchaser, a retail buyer's order form from the purchaser, or a retail installment contract shall include, in reasonable proximity to the place on the document where the administrative fee authorized by this section is disclosed, the amount of the administrative fee and the following notice in type that is boldfaced, capitalized, underlined, or otherwise conspicuously set out from the surrounding written material:

"AN ADMINISTRATIVE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW BUT MAY BE CHARGED BY A DEALER. THIS ADMINISTRATIVE FEE MAY RESULT IN A PROFIT TO DEALER. NO PORTION OF THIS ADMINISTRATIVE FEE IS FOR THE DRAFTING, PREPARATION, OR COMPLETION OF DOCUMENTS OR THE PROVIDING OF LEGAL ADVICE. THIS NOTICE IS REQUIRED BY LAW."

7. The general assembly believes that an administrative fee charged in compliance with this section is not the unauthorized practice of law or the unauthorized business of law so long as the activity or service for which the fee is charged is in compliance with the provisions of this section and does not result in the waiver of any rights or remedies. Recognizing, however, that the judiciary is the sole arbitrator of what constitutes the practice of law, in the event that a court determines that an administrative fee charged in compliance with this section, and that does not waive any rights or remedies of the buyer, is the unauthorized practice of law or the unauthorized business of law, then no person who paid that administrative fee may recover said fee or treble damages, as permitted under section 484.020, and no person who charged that fee shall be guilty of a misdemeanor, as provided under section 484.020.

301.560. 1. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

(1) Every application other than a renewal application for a **new** motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri

state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant shall maintain a working telephone number during the entire registration year which will allow the public, the department, and law enforcement to contact the applicant during regular business hours. The applicant shall also maintain an email address during the entire registration year which may be used for official correspondence with the department. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.580. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of fifty thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid at the order of the department and in the amount determined by the department to any buyer or interested lienholder up to the greater of the amount required for the release of the purchase money lien or the sales price paid by the buyer where a dealer has failed to fulfill the dealer's obligations under an agreement to assign and deliver title to the buyer within thirty days under a contract entered into pursuant to subsection 5 of section 301.210. The department shall direct release

of the bond or irrevocable letter of credit proceeds upon presentation of a written agreement entered into pursuant to subsection 5 of section 301.210, copies of the associated sales and finance documents, and the affidavit or affidavits of the buyer or lienholder stating that the certificate of title with assignment thereof has not been passed to the buyer within thirty days of the date of the contract entered into under subsection 5 of section 301.210, that the dealer has not fulfilled the agreement under the contract to repurchase the vehicle, that the buyer or the lienholder has notified the dealer of the claim on the bond or letter of credit, and the amount claimed by the purchaser or lienholder. In addition, prior to directing release and payment of the proceeds of a bond or irrevocable letter of credit, the department shall ensure that there is satisfactory evidence to establish that the vehicle which is subject to the written agreement has been returned by the buyer to the dealer or that the buyer has represented to the department that the buyer will surrender possession of the vehicle to the dealer upon payment of the proceeds of the bond or letter of credit directed by the department. Excepting ordinary wear and tear or mechanical failures not caused by the buyer, the amount of proceeds to be paid to the buyer under the bond or irrevocable letter of credit shall be reduced by an amount equivalent to any damage, abuse, or destruction incurred by the vehicle while the vehicle was in the buyer's possession as agreed between the buyer and the dealer. The dealer may apply to a court of competent jurisdiction to contest the claim on the bond or letter of credit, including the amount of the claim and the amount of any adjustment for any damage, abuse, or destruction, by filing a petition with the court within thirty days of the notification by the buyer or lienholder. If the dealer does not fulfill the agreement or file a petition to request judicial relief from the terms of the agreement or contest the amount of the claim, the bond or letter of credit shall be released by the department and directed paid in the amount or amounts presented by the lienholder or buyer;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.580. All fees payable pursuant to the provisions of sections 301.550 to 301.580~~[-other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section,]~~ shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080 to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Except as otherwise provided in subsection 6 of this section, upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number and two additional number plates or certificates of number within eight working hours after presentment of the application and payment by the applicant of a fee of fifty dollars for the first plate or certificate and ten dollars and fifty cents for each additional plate or certificate. Upon renewal, the department shall issue ~~the distinctive dealer license number or certificate of number~~ **a renewal tab to be placed on the lower right corner of the plate or certificate** as quickly as possible. **The fee for the tabs shall be twenty-five dollars for the first tab and six dollars for each additional tab.** The issuance of such distinctive dealer license number or certificate of number, **and tab or tabs**, shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or new or used motor vehicle dealer. The license plates described in this section shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

4. Notwithstanding any other provision of the law to the contrary, the department shall assign the following distinctive dealer license numbers to:

New motor vehicle franchise dealers	D-0 through D-999
New powersport dealers	D-1000 through D-1999
Used motor vehicle and used powersport dealers	D-2000 through D-9999
Wholesale motor vehicle dealers	W-0 through W-1999
Wholesale motor vehicle auctions	WA-0 through WA-999
New and used trailer dealers	T-0 through T-9999
Motor vehicle, trailer, and boat manufacturers	DM-0 through DM-999
Public motor vehicle auctions	A-0 through A-1999
Boat dealers	M-0 through M-9999
New and used recreational motor vehicle dealers	RV-0 through RV-999

For purposes of this subsection, qualified transactions shall include the purchase of salvage titled vehicles by a licensed salvage dealer. A used motor vehicle dealer who also holds a salvage dealer's license shall be allowed one additional plate or certificate number per fifty-unit qualified transactions annually. In order for salvage dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury, the dealer's number of purchases during the reporting period of July first of the immediately preceding year to June thirtieth of the present year. The provisions of this subsection shall become effective on the date the director of the department of revenue begins to reissue new license plates under section 301.130, or on December 1, 2008, whichever occurs first. If the director of revenue begins reissuing new license plates under the authority granted under section 301.130 prior to December 1, 2008, the director of the department of revenue shall notify the revisor of statutes of such fact.

5. Upon the sale of a currently licensed motor vehicle dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer. If the new approved dealer applicant elects not to retain the selling dealer's license number, the department shall issue the new dealer applicant a new dealer's license number and an equal number of plates or certificates as the department had issued to the selling dealer.

6. In the case of motor vehicle dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue one additional number plate to the applicant upon payment by the dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for the additional number plate. The department may issue a third plate to the motor vehicle dealer upon completion of the dealer's fifteenth qualified transaction and payment of a fee of ten dollars and fifty cents. JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-SIXTH DAY, TUESDAY, APRIL 1, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Blessed are they that hear the word of God and keep it. (Luke 11:28)

O God of us all, at the beginning of another day we draw near to You humbly and reverently realizing our need of Your spirit and praying for guidance, strength, and wisdom on this budget day.

Tired are we of our littleness and pray that You will lift us into the fellowship of great minds. Tired are we of our thoughts of discouragement and pray that You will lift us into the companionship of great hearts.

Bless these representatives of our people. During this April Fools' Day may they be wise with Your wisdom, strong in Your power, and faithful through Your faithfulness to them. According to our needs, may the richness of Your grace enter into the heart of every one of us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Garrett Flack.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Garrett Flack, Adalynn Draveling, Shahlo Ismoilova, Artur Tsuzas, Marjona Boboeva, and Alex Li.

The Journal of the forty-fifth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-SEVENTH DAY, WEDNESDAY, APRIL 2, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I will say of the Lord, He is my refuge and my fortress: my God; in Him will I trust. (Psalm 91:2)

Eternal God, so high above us that we cannot comprehend You and yet so deep within us that we cannot escape You, hear us as we pray today. For this moment may we enter the secret place of the Most High and continue to learn to live under the shadow of Your wings like an eagle.

You are the source of all our being. You are the fountain of every noble aspiration. You are the everything that lifts and liberates our souls. Therefore, we pray that You will lead us from the unreality we find about us to the reality in our hearts. May our faith in You be real. May our love toward our fellow Missourians be real. May the spirit of good will forever be real with us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Lyla Overcast.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lyla Overcast, Scout the eagle, and Carley Decker.

The Journal of the forty-sixth day was approved as printed by the following vote:

"115.105. 1. The chair of the county committee of each political party named on the ballot shall have the right to designate a challenger for each polling place, who may be present ~~until all~~ **while** ballots are cast on ~~the day of~~ **election day, or in first class counties and charter counties, during the absentee voting period**, and a challenger for each location at which absentee ballots are counted, who may be present while the ballots are being prepared for counting and counted. No later than four business days before ~~the election~~ **a challenger may enter a polling location**, the chair of each county committee of each political party named on the ballot shall provide signed official designation forms with the names of the designated challengers and substitutes to the local election authority for confirmation of eligibility to serve as a challenger. The local election authority, after verifying the eligibility of each designated and substitute challenger, shall sign off on the official designation forms, unless the challenger is found not to have the qualifications established by subsection 4 of this section. If the election authority determines that a challenger does not meet the qualifications of subsection 4 of this section, the designating party chair may designate a replacement challenger and provide the local election authority with the name of the replacement challenger before 5:00 p.m. of the Monday preceding the election. The designating chair may substitute challengers at his or her discretion during such hours.

2. Challenges may only be made when the challenger believes the election laws of this state have been or will be violated, and each challenger shall report any such belief to the election judges, or to the election authority if not satisfied with the decision of the election judges.

3. Prior to the close of the polls, challengers may list and give out the names of those who have voted. The listing and giving out of names of those who have voted by a challenger shall not be considered giving information tending to show the state of the count.

At every election, the chairman of the county committee of each political party named on the ballot shall have the right to designate a watcher for each place votes are counted. **No later than four business days before a watcher may enter a polling or counting location, the chair of each county committee of each political party named on the ballot shall provide signed official designation forms with the names of the designated watchers and substitutes to the local election authority for confirmation of eligibility to serve as a watcher. The local election authority, after verifying the eligibility of each designated and substitute watcher, shall sign off on the official designation forms, unless the watcher is found not to have the qualifications established by subsection 5 of this section. If the election authority determines that a watcher does not meet the qualifications of subsection 5 of this section, the designating party chair may designate a replacement watcher and provide the local election authority with the name of the replacement watcher before 5:00 p.m. of the Monday preceding the election. The designating chair may substitute watchers at his or her discretion during such hours.**

2. Watchers are to observe the counting of the votes and present any complaint of irregularity or law violation to the election judges, or to the election authority if not satisfied with the decision of the election judges. No watcher may be substituted for another on election day.

3. No watcher shall report to anyone the name of any person who has or has not voted.

4. A watcher may remain present until all closing certification forms are completed, all equipment is closed and taken down, the transportation case for the ballots is sealed, election materials are returned to the election authority or to the designated collection place for a polling place, and any other duties or procedures required under sections 115.447 to 115.491 are completed. A watcher may also remain present at each **in-person absentee voting location in first class counties and charter counties** at which absentee ballots are counted **or prepared for counting** and may remain present while such ballots are being prepared for counting and counted.

4. Any person who knowingly submits false information to satisfy any requirement of subsection 2 of this section is guilty of a class A misdemeanor.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for

the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, **except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture.** The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station **or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer** shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin. **A licensed new or used motor vehicle dealer completing the inspection under this section shall be subject to disciplinary action up to and including suspension or revocation of their dealer's license for knowingly completing such inspection with incorrect information. Such disciplinary action shall take place in accordance with department of revenue regular procedures for disciplinary action.**

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

- (1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;
- (2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;
- (3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ **the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard, or in the reserves for any such branch, [the United States Coast Guard or reserve,]** the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former member of any such branch of service as the director may require. Upon presentation of the proof of eligibility and annual payment of the fee required for personalized license plates in section 301.144, and other fees and documents which may be required by law, the department shall issue personalized license plates which shall bear the seal, logo or emblem, along with a word or words designating the branch or subdivision of such service for which the person applies. All seals, logos, emblems or special symbols shall become an integral part of the license plate; however, no plate shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall be approved by the advisory committee established in section 301.129 and by the branch or subdivision of such service or the Marine Corps League prior to issuing such plates. The plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129. The plates shall be clearly visible at night and shall be aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. All license plates issued under this provision must be renewed in accordance with law. License plates issued under the provisions of this section shall not be transferable to any other person, except that any registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the duration of the year licensed, in the event of the death of the qualified applicant.

301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed on multiyear license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblems.

2. Upon annual application and payment of a twenty-five dollar emblem-use authorization fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented to the director of the department of revenue at the time of registration of a motor vehicle.

3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the regular registration fees and documents which may be required by law, the director of the department of revenue shall issue a license plate, which shall bear an emblem of the Missouri conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

4. **Application for the emblem-use authorization and payment of the twenty-five-dollar contribution may also be made at the time of registration to the director of the department of revenue, who shall deposit the contribution to the credit of the Missouri conservation heritage foundation.**

5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage foundation emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the foundation emblem, as otherwise provided by law.

[5-] 6. The director of the department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is required to be registered in this state, except:

(2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and

(3) Historic motor vehicles registered pursuant to section 301.131;

(4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than twelve months;

The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred; however, if a vehicle was purchased from a motor vehicle dealer and a valid inspection had been made within sixty days of the purchase date, the new owner shall be able to utilize an inspection performed within ninety days prior to the application for registration or transfer. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.

307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state.

2. At the seller's expense every used motor vehicle of the type required to be inspected by section 307.350 shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained **no more than sixty days prior to the date of sale, except that such inspection shall not be required for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture when:**

- (1) Sold by a private seller; or
- (2) Sold by a licensed new or used motor vehicle dealer, provided that such dealer has sold at least two hundred motor vehicles in the previous calendar year.

The seller of a motor vehicle required to be inspected under this subsection shall present the certificate of inspection and approval to the buyer at the point of sale and the buyer shall be required to submit the certificate of inspection when applying for registration of the vehicle.

~~[2-]~~ 3. Nothing contained in the provisions of this section shall be construed to prohibit a dealer or any other person from selling a vehicle without a certificate of inspection and approval if the vehicle is sold for junk, salvage, or for rebuilding, or for vehicles sold at public auction or from dealer to dealer. The purchaser of any vehicle which is purchased for junk, salvage, or for rebuilding shall give to the seller an affidavit, on a form prescribed by the superintendent of the Missouri state highway patrol, stating that the vehicle is being purchased for one of the reasons stated herein. No vehicle of the type required to be inspected by section 307.350 which is purchased as junk, salvage, or for rebuilding shall again be registered in this state until the owner has submitted the vehicle for inspection and obtained an official certificate of inspection and approval, sticker, seal or other device for such vehicle.

Representative Pollitt offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Bill No. 969, Page 1, Section A, Line 2, by inserting after said section and line the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer

fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue,

and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. Notwithstanding any provision of law to the contrary, a person may be stopped or inspected by law enforcement, based on reasonable suspicion that a temporary permit violation has occurred, in order to determine whether a temporary permit is current or valid. Upon a determination by law enforcement that a temporary permit is expired by at least seventy days, or that a temporary permit has been altered, the law enforcement officer conducting the stop shall issue a citation and such person shall be fined in the amount of two hundred fifty dollars. If the person properly registers the vehicle within thirty days of the issuance of a citation, the prosecutor shall nolle prosequi the citation, court costs shall be waived, and the offense shall not be registered as a violation on the person's driving record. If the vehicle is stopped a second time for a temporary permit violation after such thirty-day time period has lapsed, the vehicle shall be impounded until such time as the vehicle is properly registered. It shall be the responsibility of the owner of the vehicle to work with the impound lot owner if there is an issue with the vehicle's safety inspection.

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

[14-] 12. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact."; and

twenty-five dollars, which shall include the railroad crossing safety fee prescribed in section 389.612.

2. The annual registration fee for motorcycles, motortricycles, and autocycles is ten dollars, which shall include the railroad crossing safety fee prescribed in section 389.612.

[2-] 3. Notwithstanding any other provision of law, the registration of any autocycle registered as a motorcycle or motortricycle prior to August 28, 2018, shall remain in effect until the expiration of the registration period for such vehicle at which time the owner shall be required to renew the motor vehicle's registration under the autocycle classification and pay the appropriate registration fee.

301.070. 1. ~~[In determining fees based on the horsepower of vehicles propelled by internal combustion engines, the horsepower shall be computed and recorded upon the following formula established by the National Automobile Chamber of Commerce: Square the bore of the cylinder in inches multiplied by the number of cylinders, divided by two and one half.~~

~~2. The horsepower of all motor vehicles propelled by steam may be accepted as rated by the manufacturers thereof, or may be determined in accordance with regulations promulgated by the director.~~

~~3. The horsepower of all motor vehicles, except commercial motor vehicles, propelled by electric power, shall be rated as being between twelve and twenty-four horsepower.~~

~~4.] Fees of commercial motor vehicles, other than passenger-carrying commercial motor vehicles, shall be based on the gross weight of the vehicle or any combination of vehicles and the maximum load to be carried at any one time during the license period, except the fee for a wrecker, tow truck, rollback or car carrier used in a towing service shall be based on the empty weight of such vehicle fully equipped for the recovery or towing of vehicles.~~

[5-] 2. The decision of the director as to the type of motor vehicles and their classification for the purpose of registration and the computation of fees therefor shall be final and conclusive.

301.110. 1. Whenever the director shall determine from an increase or decrease in the number of registrations of all types of motor vehicles in any given month that the volume of clerical work of registration of all types of motor vehicles in such month has become so disproportionate to the volume of work in the remaining registration periods as to render the system burdensome or inefficient, he is authorized and empowered to change the registration period of any number of motor vehicles, other than commercial motor vehicles, as may be necessary to increase or reduce the volume of registration in one or more periods by advancing the renewal date and shortening the registration period of such motor vehicles.

2. The shifting of registration periods shall be accomplished by notifying the registrants of the change, and giving them credit for that portion of the registration period not yet elapsed. In such instances the director shall order the registrant to surrender the license plates and registration certificate held by him and shall assign and issue, without cost to the owner, new plates and a registration certificate designating the new registration expiration date.

3. Notwithstanding subsection 6 of section 142.869 or any other provision of law to the contrary, the director may stagger the collection of alternative fuel decal fees and issuance of alternative fuel decals so that issuance of alternative fuel decals occurs at the time of vehicle registration and the decal or decals are valid for the duration of the vehicle's registration period. In lieu of an alternative fuel decal, the director may issue a receipt showing payment of the alternative fuel decal fee, which shall be kept with the vehicle and valid in place of an alternative fuel decal displayed in accordance with section 142.869.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, autocycles, motorscooters, and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent, **nontinted** cover so long as the plate is plainly visible and ~~its~~ **the plate's** reflective qualities are not impaired. **Additionally, license plate frames shall not cover or obscure any information that is necessary for law enforcement purposes.**

License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles, autocycles, and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates

authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for twenty-four thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030. On and after August 28, 2016, owners of motor vehicles, other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may apply for any preexisting or hereafter statutorily created special personalized license plates.

9. No later than January 1, 2019, the director of revenue shall commence the reissuance of new license plates of such design as approved by the advisory committee under section 301.125 consistent with the terms, conditions, and provisions of section 301.125 and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity~~[-]~~ not in excess of that originally registered. When such motor vehicle is of greater ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less ~~[horsepower,]~~ gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity~~[-]~~ not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, ~~[or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213,]~~ or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon **satisfaction of all applicable taxes under chapter 144, upon** proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of

revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

11. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

Otherwise, the physician or other authorized health care practitioner shall note on the statement the anticipated length of the disability, which shall determine the expiration date for the temporary windshield placard, and which period shall not exceed one hundred eighty days. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days.

5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

7. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to primarily transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application to the director accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days proceeding the date the application is made, and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every ~~four~~ **eight** years. **The department shall have the authority to automatically renew current valid disabled placards for a duration of eight years, or for the duration that correlates with the person's current physician's statement expiration date, until all permanent disabled placards are on an eight-year renewal cycle.** The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. A windshield placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

14. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

15. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

16. (1) Except as otherwise provided in this subsection, every applicant for issuance of a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application, and for renewal applications a physician's statement dated no more than ninety days prior to such application shall be required every eighth year.

(2) Notwithstanding any provision of law to the contrary, if the applicant has presented proof of disability in the form of a statement from the United States Department of Veterans Affairs verifying that the person is permanently disabled, the applicant shall not be required to provide a physician's statement for the purpose of issuance or renewal of disabled person license plates or windshield placards.

(3) Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided a physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled person license plates or windshield placards.

17. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric

18. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

19. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

20. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

21. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

22. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

23. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

24. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

25. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

26. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist ~~or~~, optometrist, **or occupational therapist** to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.

301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of fifty-four thousand pounds gross weight, the option of biennially registering motor vehicles. ~~[Any vehicle manufactured as an even-numbered model-year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model-year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:~~

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if

any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight **to equalize workload or for the convenience of registration applicants.** Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ **the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard,** or in the reserves **for any such branch,** ~~[the United States Coast Guard or reserve,]~~ the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former member of any such branch of service as the director may require. Upon presentation of the proof of eligibility and annual payment of the fee required for personalized license plates in section 301.144, and other fees and documents which may be required by law, the department shall issue personalized license plates which shall bear the seal, logo or emblem, along with a word or words designating the branch or subdivision of such service for which the person applies. All seals, logos, emblems or special symbols shall become an integral part of the license plate; however, no plate shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall be approved by the advisory committee established in section 301.129 and by the branch or subdivision of such service or the Marine Corps League prior to issuing such plates. The plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129. The plates shall be clearly visible at night and shall be aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. All license plates issued under this provision must be renewed in accordance with law. License plates issued under the provisions of this section shall not be transferable to any other person, except that any registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the duration of the year licensed, in the event of the death of the qualified applicant.

301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed on multiyear license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblems.

2. Upon annual application and payment of a twenty-five dollar emblem-use authorization fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented to the director of the department of revenue at the time of registration of a motor vehicle.

3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the regular registration fees and documents which may be required by law, the director of the department of revenue shall issue a license plate, which shall bear an emblem of the Missouri conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

4. **Application for the emblem-use authorization and payment of the twenty-five-dollar contribution may also be made at the time of registration to the director of the department of revenue, who shall deposit the contribution to the credit of the Missouri conservation heritage foundation.**

5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage foundation emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the foundation emblem, as otherwise provided by law.

[5-] 6. The director of the department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

301.558. 1. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may fill in the blanks on standardized forms in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer if the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer does not charge for the services of filling in the blanks or otherwise charge for preparing documents.

2. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may charge an administrative fee in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services not prohibited by this section. A portion of the administrative fee may result in profit to the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer.

3. (1) Ten percent of any fee authorized under this section and charged by motor vehicle dealers **or trailer dealers** shall be remitted to the motor vehicle administration technology fund established in this subsection, for the development of the system specified in this subsection. Following the development of the system specified in this subsection, the director of the department of revenue shall notify motor vehicle dealers **and trailer dealers**, and implement the system, and the percentage of any fee authorized under this section required to be remitted to the fund shall be reduced to ~~one~~ **three and one-half** percent, which shall be used for maintenance of the system. This subsection shall expire on January 1, 2037.

(2) There is hereby created in the state treasury the "Motor Vehicle Administration Technology Fund", which shall consist of money collected as specified in this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the purpose of development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles.

(3) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(4) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. No motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer that sells or leases new or used motor vehicles, **trailers**, vessels, or vessel trailers and imposes an administrative fee of five hundred dollars or less in connection with the sale or lease of a new or used **motor** vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services shall be deemed to be engaging in the unauthorized practice of law. The maximum administrative fee permitted under this subsection shall be increased annually by an amount equal to the percentage change in the annual average of the Consumer Price Index for All Urban Consumers or its successor index, as reported by the federal Bureau of Labor Statistics or its successor agency, or by zero, whichever is greater. The director of the department of revenue shall annually furnish the maximum administrative fee determined under this section to the secretary of state, who shall publish such value in the Missouri Register as soon as practicable after January fourteenth of each year.

5. If an administrative fee is charged under this section, the same administrative fee shall be charged to all retail customers unless the fee is limited by the dealer's franchise agreement to certain classes of customers. The fee shall be disclosed on the retail buyer's order form as a separate itemized charge.

6. A preliminary worksheet on which a sale price is computed and that is shown to the purchaser, a retail buyer's order form from the purchaser, or a retail installment contract shall include, in reasonable proximity to the place on the document where the administrative fee authorized by this section is disclosed, the amount of the administrative fee and the following notice in type that is boldfaced, capitalized, underlined, or otherwise conspicuously set out from the surrounding written material:

"AN ADMINISTRATIVE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW BUT MAY BE CHARGED BY A DEALER. THIS ADMINISTRATIVE FEE MAY RESULT IN A PROFIT TO DEALER. NO PORTION OF THIS ADMINISTRATIVE FEE IS FOR THE DRAFTING, PREPARATION, OR COMPLETION OF DOCUMENTS OR THE PROVIDING OF LEGAL ADVICE. THIS NOTICE IS REQUIRED BY LAW."

7. The general assembly believes that an administrative fee charged in compliance with this section is not the unauthorized practice of law or the unauthorized business of law so long as the activity or service for which the fee is charged is in compliance with the provisions of this section and does not result in the waiver of any rights or remedies. Recognizing, however, that the judiciary is the sole arbitrator of what constitutes the practice of law, in the event that a court determines that an administrative fee charged in compliance with this section, and that does not waive any rights or remedies of the buyer, is the unauthorized practice of law or the unauthorized business of law, then no person who paid that administrative fee may recover said fee or treble damages, as permitted under section 484.020, and no person who charged that fee shall be guilty of a misdemeanor, as provided under section 484.020.

301.560. 1. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

(1) Every application other than a renewal application for a **new** motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant shall maintain a working telephone number during the entire registration year which will allow the public, the department, and law enforcement to contact the applicant during regular business hours. The applicant shall also maintain an email address during the entire registration year which may be used for official correspondence with the department. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.580. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of fifty thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. The proceeds of the bond or irrevocable letter of credit furnished by an applicant shall be paid at the order of the department and in the amount determined by the department to any buyer or interested lienholder up to the greater of the amount required for the release of the purchase money lien or the sales price paid by the buyer where a dealer has failed to fulfill the dealer's obligations under an agreement to assign and deliver title to the buyer within thirty days under a contract entered into pursuant to subsection 5 of section 301.210. The department shall direct release of the bond or irrevocable letter of credit proceeds upon presentation of a written agreement entered into pursuant to subsection 5 of section 301.210, copies of the associated sales and finance documents, and the affidavit or affidavits of the buyer or lienholder stating that the certificate of title with assignment thereof has not been passed to the buyer within thirty days of the date of the contract entered into under subsection 5 of section 301.210, that the dealer has not fulfilled the agreement under the contract to repurchase the vehicle, that the buyer or the lienholder has notified the dealer of the claim on the bond or letter of credit, and the amount claimed by the purchaser or lienholder. In addition, prior to directing release and payment of the proceeds of a bond or irrevocable letter of credit, the department shall ensure that there is satisfactory evidence to establish that the vehicle which is subject to the written agreement has been returned by the buyer to the dealer or that the buyer has represented to the department that the buyer will surrender possession of the vehicle to the dealer upon payment of the proceeds of the bond or letter of credit directed by the department. Excepting ordinary wear and tear or mechanical failures not caused by the buyer, the amount of proceeds to be paid to the buyer under the bond or irrevocable letter of credit shall be reduced by an amount equivalent to any damage, abuse, or destruction incurred by the vehicle while the vehicle was in the buyer's possession as agreed between the buyer and the dealer. The dealer may apply to a court of competent jurisdiction to contest the claim on the bond or letter of credit, including the amount of the claim and the amount of any adjustment for any damage, abuse, or destruction, by filing a petition with the court within thirty days of the notification by the buyer or lienholder. If the dealer does not fulfill the agreement or file a petition to request judicial relief from the terms of the agreement or contest the amount of the claim, the bond or letter of credit shall be released by the department and directed paid in the amount or amounts presented by the lienholder or buyer;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.580. All fees payable pursuant to the provisions of sections 301.550 to 301.580~~[- other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section,]~~ shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080 to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the

provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

The license plates described in this section shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

If the director of revenue begins reissuing new license plates under the authority granted under section 301.130 prior to December 1, 2008, the director of the department of revenue shall notify the revisor of statutes of such fact.

5. Upon the sale of a currently licensed motor vehicle dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer. If the new approved dealer applicant elects not to retain the selling dealer's license number, the department shall issue the new dealer applicant a new dealer's license number and an equal number of plates or certificates as the department had issued to the selling dealer.

6. The director of revenue may verify that a successful safety and emissions inspection was completed via electronic means.

2. The inspection requirement of subsection 1 of this section shall apply to all motor vehicles except:

 - (3) Model year vehicles manufactured prior to 1996;
 - (4) Vehicles which are powered exclusively by electric or hydrogen power or by fuels other than gasoline which are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

 - (a) With prior inspection and approval as provided in subdivision (2) of this subsection; or

(b) Without prior inspection and approval as provided in subdivision (3) of this subsection.

(2) If the dealer chooses to sell the vehicle with prior inspection and approval, the dealer shall disclose, in writing, prior to sale, whether the vehicle obtained approval by meeting the emissions standards established pursuant to sections 643.300 to 643.355 or by obtaining a waiver pursuant to section 643.335. A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within ten days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within ten days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. A violation of this subdivision shall be an unlawful practice as defined in section 407.020. No emissions inspection shall be required pursuant to sections 643.300 to 643.360 for the sale of any motor vehicle which may be sold without a certificate of inspection and approval, as provided pursuant to subsection 2 of section 307.380.

5. Notwithstanding any provision of law to the contrary, a valid emissions inspection shall be required for all registration issuances and renewals for any motor vehicle subject to emissions inspection under this section.

Section B. Attached hereto is the report adopted by the committee:

April 2, 2025

The Honorable Justin Sparks
Missouri House of Representatives
201 West Capitol Avenue, Room 201-E
Jefferson City, MO 65101

Re: House Ethics Complaint 25-01

Dear Representative Sparks:

The Committee on Ethics diligently investigated the complaint filed in this matter and found no support for the claims made in the complaint. However, by a unanimous vote on April 2, 2025, the Committee determined that you took one to three votes with an apparent conflict of interest. Specifically, the conduct that the Committee based its decision on includes the following:

You supported and voted for during the Fiscal Year 2024 and 2025 appropriations process funds for a grant to support the start-up costs of a childcare facility in St. Louis County. This grant was contained in Section 2.355 of House Bill 2 (2023), Section 2.380 of House Bill 2002 (2024), and Section 14.093 of House Bill 14 (2025).

The National Law Enforcement Foundation (NLEF) applied for the grant in September 2023 and was ultimately awarded the funding for the childcare facility. Furthermore, you were employed by the NLEF from November 2023 to March 2025 as a Regional Representative. Your work for the NLEF involved assisting with the startup and licensing process of the childcare facility, which was and continues to be funded by the state grant.

The Committee notes that you did disclose your employment with the NLEF in 2023 and 2024 on your personal financial disclosures filed with the Missouri Ethics Commission. However, you did not file a written report of a substantial personal or private interest in the appropriation bills with the Chief Clerk of the House of Representatives before voting on such legislation. Filing such a written report, as provided for in Section 105.461, RSMo., would have helped prevent the appearance of a conflict of interest and furthered public transparency of the appropriations process.

With the issuance of this letter and public reproof of your conduct, this matter is concluded.

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-EIGHTH DAY, THURSDAY, APRIL 3, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Speak, Lord, for Thy servant heareth. (I Samuel 3:10)

Eternal God, we stand before You this moment to listen to Your voice and to hear Your word for us this day. Guide us as we work, give us patience when we must wait, grant unto us to be genuine in faith, gentle in love, and great in spirit.

Help us to take time to pray, time to open our hearts to You, time to discover Your way for us and for our State. Then give us the commonsense to become aware of Your will and the uncommon spirit to obey it for the good our State and the glory of Your holy name.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-seventh day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-FIRST DAY, MONDAY, MARCH 24, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we thank You for allowing us to spend time away from the Capitol, so that we might be renewed both mentally and physically to do Your will in the statehouse.

Be with us in this second half of session. Guide our thoughts and actions so that we may adequately represent the people that You've given us to govern.

Grant us a sense of Your presence. Give us a spirit of peace in the midst of dialogue. Help us to realize that we are not individually the enemy, but we are they that seek to do Your will.

In Jesus's name, Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-ninth day was approved as printed by the following vote:

CAUCUS APPROVALS

Re: Formation of the Equality Conference

Dear Speaker of the House Jon Patterson,

In the spirit of the powerful caucuses that have paved the way for justice and equality, we write today to formally request the establishment of the *Intersectional Equality Conference*.

In response to recent Federal Executive Orders, Missouri State Executive Orders, and proposed Missouri State legislation that seek to undermine and marginalize immigrant and LGBTQIA+ communities in Missouri—while also attempting to erase diversity, equity, and inclusion efforts across our State departments and agencies—we are coming together as legislators committed to advocating for these communities. Our goal is to protect and advance the rights of those most at risk of harm.

We respectfully request formal recognition of this conference, which will be composed of Missouri legislators dedicated to fighting for the rights and well-being of marginalized identities in our state. Please note that the affiliated members will receive no additional compensation for their time and efforts.

We thank you for your time and thoughtful consideration of this request. Let us continue to remember our shared responsibility to serve all Missourians, ensuring that our state remains a place where everyone belongs.

In service and community,

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-SECOND DAY, TUESDAY, MARCH 25, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Teach me Thy way, O Lord, that I may walk in Thy truth. (Psalm 86:11)

Eternal God, our Creator, who is the refuge and strength of Your people in every age and our refuge and strength this present hour, come into our hearts as we bow humbly in Your presence. Help us to realize our dependence on You, our constant need of Your strength, Your guidance, and Your love. Give us to know that You are always with us and that with You we can be made ready for every responsibility and equal to every experience.

We pray for peace in our world, for good will among all people, and for faith in You that makes us strong, gives us courage, and helps us on our upward way.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emilyana Blanton, Lily Elliott, Reyd Lewis, Emalyn Lewis, Maylee Lewis, Emerald O'Brien, Parker Orbesen, Aleen Stonum, Brock Utterback, Bradley Utterback, Brent Utterback, and Quinton Hayes.

324.001. 1. For the purposes of this section, the following terms mean:

(1) "Department", the department of commerce and insurance;

(2) "Director", the director of the division of professional registration; and

(3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of commerce and insurance as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof to include verifying if the applicant has submitted all required documentation and that the documentation is legible. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the

department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of commerce and insurance. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the division of professional registration of the department of economic development, such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of ~~sections 324.010 and~~ **section 334.001**, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency-equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

(b) Any other criminal history record information required by the new Home State; and

(c) Any Jurisprudence Requirements of the new Home State.

(3) The former Home State shall convert the former Home State License into a Compact Privilege once the new Home State has activated the new Home State License in accordance with applicable Rules adopted by the Compact Commission.

(4) Notwithstanding any other provision of this Compact, if the Licensee cannot meet the criteria in section 324.1815, the new Home State may apply its requirements for issuing a new Single State License.

(5) The Licensee shall pay all applicable fees to the new Home State in order to be issued a new Home State License.

3. If a Licensee changes their State of residence by moving from a Member State to a non-Member State, or from a non-Member State to a Member State, the State criteria shall apply for issuance of a Single State License in the new State.

4. Nothing in this Compact shall interfere with a Licensee's ability to hold a Single State License in multiple States; however, for the purposes of this Compact, a Licensee shall have only one Home State License.

5. Nothing in this Compact shall affect the requirements established by a Member State for the issuance of a Single State License.

324.1825. An Active Military Member, or their spouse, shall designate a Home State where the individual has a current License in good standing. The individual may retain the Home State designation during the period the service member is on active duty.

324.1830. 1. In addition to the other powers conferred by State law, a Remote State shall have the authority, in accordance with existing State due process law, to:

(1) Take Adverse Action against a Licensee's Compact Privilege within that Member State; and
(2) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a Licensing Authority in a Member State for the attendance and testimony of witnesses or the production of evidence from another Member State shall be enforced in the latter State by any court of competent jurisdiction, according to the practice and procedure applicable to subpoenas issued in proceedings pending before that court. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the State in which the witnesses or evidence are located.

2. Only the Home State shall have the power to take Adverse Action against a Licensee's Home State License.

3. For purposes of taking Adverse Action, the Home State shall give the same priority and effect to reported conduct received from a Member State as it would if the conduct had occurred within the Home State. In so doing, the Home State shall apply its own State laws to determine appropriate action.

4. The Home State shall complete any pending investigations of a Licensee who changes Home States during the course of the investigations. The Home State shall also have authority to take appropriate action or actions and shall promptly report the conclusions of the investigations to the administrator of the Data System. The administrator of the Data System shall promptly notify the new Home State of any Adverse Actions.

5. A Member State, if otherwise permitted by State law, may recover from the affected Licensee the costs of investigations and dispositions of cases resulting from any Adverse Action taken against that Licensee.

6. A Member State may take Adverse Action based on the factual findings of another Remote State, provided that the Member State follows its own procedures for taking the Adverse Action.

7. (1) In addition to the authority granted to a Member State by its respective State law, any Member State may participate with other Member States in joint investigations of Licensees.

(2) Member States shall share any investigative, litigation, or compliance materials in furtherance of any joint investigation initiated under the Compact.

8. If Adverse Action is taken by the Home State against a Licensee's Home State License resulting in an Encumbrance on the Home State License, the Licensee's Compact Privilege or Privileges in all other Member States shall be revoked until all Encumbrances have been removed from the Home State License. All Home State disciplinary orders that impose Adverse Action against a Licensee shall include a statement that the Licensee's Compact Privileges are revoked in all Member States during the pendency of the order.

9. Once an Encumbered License in the Home State is restored to an Unencumbered License (as certified by the Home State's Licensing Authority), the Licensee must meet the requirements of subsection 1 of section 324.1815 and follow the administrative requirements to reapply to obtain a Compact Privilege in any Remote State.

10. If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the other Member States of any Adverse Actions.

11. Nothing in this Compact shall override a Member State's decision that participation in an Alternative Program may be used in lieu of Adverse Action.

324.1835. 1. The Compact Member States hereby create and establish a joint government agency whose membership consists of all Member States that have enacted the Compact known as the Dietitian Licensure Compact Commission. The Compact Commission is an instrumentality of the Compact States acting jointly and not an instrumentality of any one State. The Compact Commission shall come into existence on or after the effective date of the Compact as set forth in section 324.1855.

2. (1) Each Member State shall have and be limited to one (1) delegate selected by that Member State's Licensing Authority.

(2) The delegate shall be the primary administrator of the Licensing Authority or their designee.

(3) The Compact Commission shall by Rule or bylaw establish a term of office for delegates and may by Rule or bylaw establish term limits.

(4) The Compact Commission may recommend removal or suspension of any delegate from office.

(5) A Member State's Licensing Authority shall fill any vacancy of its delegate occurring on the Compact Commission within 60 days of the vacancy.

(6) Each delegate shall be entitled to one vote on all matters before the Compact Commission requiring a vote by the delegates.

(7) Delegates shall meet and vote by such means as set forth in the bylaws. The bylaws may provide for delegates to meet and vote in-person or by telecommunication, video conference, or other means of communication.

(8) The Compact Commission shall meet at least once during each calendar year. Additional meetings may be held as set forth in the bylaws. The Compact Commission may meet in person or by telecommunication, video conference, or other means of communication.

(5) Meet and take such actions as are consistent with the provisions of this Compact, the Compact Commission's Rules, and the bylaws;

(6) Initiate and conclude legal proceedings or actions in the name of the Compact Commission, provided that the standing of any Licensing Authority to sue or be sued under applicable law shall not be affected;

(7) Maintain and certify records and information provided to a Member State as the authenticated business records of the Compact Commission, and designate an agent to do so on the Compact Commission's behalf;

(8) Purchase and maintain insurance and bonds;

(9) Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a Member State;

(10) Conduct an annual financial review;

(11) Hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the Compact, and establish the Compact Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(12) Assess and collect fees;

(13) Accept any and all appropriate donations, grants of money, other sources of revenue, equipment, supplies, materials, services, and gifts, and receive, utilize, and dispose of the same; provided that at all times the Compact Commission shall avoid any actual or appearance of impropriety or conflict of interest;

(14) Lease, purchase, retain, own, hold, improve, or use any property, real, personal, or mixed, or any undivided interest therein;

(15) Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

(16) Establish a budget and make expenditures;

(17) Borrow money;

(18) Appoint committees, including standing committees, composed of members, State regulators, State legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this Compact or the bylaws;

(19) Provide and receive information from, and cooperate with, law enforcement agencies;

(20) Establish and elect an Executive Committee, including a chair and a vice chair;

(21) Determine whether a State's adopted language is materially different from the model compact language such that the State would not qualify for participation in the Compact; and

(22) Perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact.

4. (1) The Executive Committee shall have the power to act on behalf of the Compact Commission according to the terms of this Compact. The powers, duties, and responsibilities of the Executive Committee shall include:

(a) Oversee the day-to-day activities of the administration of the Compact including enforcement and compliance with the provisions of the Compact, its Rules and bylaws, and other such duties as deemed necessary;

(b) Recommend to the Compact Commission changes to the Rules or bylaws, changes to this Compact legislation, fees charged to Compact Member States, fees charged to Licensees, and other fees;

(c) Ensure Compact administration services are appropriately provided, including by contract;

(f) Monitor Compact compliance of Member States and provide compliance reports to the Compact Commission;

(g) Establish additional committees as necessary;

(h) Exercise the powers and duties of the Compact Commission during the interim between Compact Commission meetings, except for adopting or amending Rules, adopting or amending bylaws, and exercising any other powers and duties expressly reserved to the Compact Commission by Rule or bylaw; and

(i) Other duties as provided in the Rules or bylaws of the Compact Commission.

(2) The Executive Committee shall be composed of nine members:

(a) The chair and vice chair of the Compact Commission shall be voting members of the Executive Committee;

(b) Five voting members from the current membership of the Compact Commission, elected by the Compact Commission;

(c) One ex-officio, nonvoting member from a recognized professional association representing dietitians; and

(d) One ex-officio, nonvoting member from a recognized national credentialing organization for dietitians.

(3) The Compact Commission may remove any member of the Executive Committee as provided in the Compact Commission's bylaws.

(4) (a) The Executive Committee shall meet at least annually.

(b) Executive Committee meetings shall be open to the public, except that the Executive Committee may meet in a closed, non-public meeting as provided in subdivision (2) of subsection 6 of this section.

(c) The Executive Committee shall give 30 days' notice of its meetings, posted on the website of the Compact Commission and as determined to provide notice to persons with an interest in the business of the Compact Commission.

(d) The Executive Committee may hold a special meeting in accordance with paragraph (c) of subdivision (1) of subsection 6 of this section.

5. The Compact Commission shall adopt and provide to the Member States an annual report.

6. (1) (a) All meetings shall be open to the public, except that the Compact Commission may meet in a closed, non-public meeting as provided in subdivision (2) of this subsection.

(b) Public notice for all meetings of the full Compact Commission shall be given in the same manner as required under the rulemaking provisions in section 324.1845, except that the Compact Commission may hold a special meeting as provided in paragraph (c) of this subdivision.

(c) The Compact Commission may hold a special meeting when it must meet to conduct emergency business by giving 24 hours' notice to all Member States, on the Compact Commission's website, and other means as provided in the Compact Commission's Rules. The Compact Commission's legal counsel shall certify that the Compact Commission's need to meet qualifies as an emergency.

(2) The Compact Commission or the Executive Committee or other committees of the Compact Commission may convene in a closed, non-public meeting for the Compact Commission or Executive Committee or other committees of the Compact Commission to receive legal advice or to discuss:

(a) Non-compliance of a Member State with its obligations under the Compact;

(b) The employment, compensation, discipline, or other matters, practices, or procedures related to specific employees;

(c) Current or threatened discipline of a Licensee by the Compact Commission or by a Member State's Licensing Authority;

- (d) Current, threatened, or reasonably anticipated litigation;
 - (e) Negotiation of contracts for the purchase, lease, or sale of goods, services, or real estate;
 - (f) Accusing any person of a crime or formally censuring any person;
 - (g) Trade secrets or commercial or financial information that is privileged or confidential;
 - (h) Information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
 - (i) Investigative records compiled for law enforcement purposes;
 - (j) Information related to any investigative reports prepared by or on behalf of or for use of the Compact Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the Compact;
 - (k) Matters specifically exempted from disclosure by federal or Member State law; or
 - (l) Other matters as specified in the Rules of the Compact Commission.
- (3) If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.
- (4) The Compact Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Compact Commission or order of a court of competent jurisdiction.
7. (1) The Compact Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.
- (2) The Compact Commission may accept any and all appropriate revenue sources as provided in subdivision (13) of subsection 3 of this section.
- (3) The Compact Commission may levy on and collect an annual assessment from each Member State and impose fees on Licensees of Member States to whom it grants a Compact Privilege to cover the cost of the operations and activities of the Compact Commission and its staff, which must, in a total amount, be sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for Member States shall be allocated based upon a formula that the Compact Commission shall promulgate by Rule.
- (4) The Compact Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Compact Commission pledge the credit of any of the Member States, except by and with the authority of the Member State.
- (5) The Compact Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Compact Commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Compact Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Compact Commission.
8. (1) The members, officers, executive director, employees and representatives of the Compact Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Compact Commission shall not in any way compromise or limit the immunity granted hereunder.
- (2) The Compact Commission shall defend any member, officer, executive director, employee, and representative of the Compact Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or as determined by the Compact Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Compact Commission

employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The Compact Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Compact Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(4) Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

(5) Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

(6) Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Compact Commission.

324.1840. 1. The Compact Commission shall provide for the development, maintenance, operation, and utilization of a coordinated Data System.

2. The Compact Commission shall assign each applicant for a Compact Privilege a unique identifier, as determined by the Rules.

3. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Compact Commission, including:

- (1) Identifying information;
- (2) Licensure data;
- (3) Adverse Actions against a License or Compact Privilege and information related thereto;
- (4) Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;
- (5) Any denial of application for licensure, and the reason or reasons for such denial;
- (6) The presence of Current Significant Investigative Information; and
- (7) Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Compact Commission.

4. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Compact Commission or an agent thereof, shall constitute the authenticated business records of the Compact Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a Member State.

5. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

6. It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the Data System to determine whether any Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

7. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

8. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

324.1845. 1. The Compact Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Compact Commission exercised its rulemaking authority in a manner that is beyond the scope

and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

2. The Rules of the Compact Commission shall have the force of law in each Member State, provided however that where the Rules conflict with the laws or regulations of a Member State that relate to the procedures, actions, and processes a Licensed Dietitian is permitted to undertake in that State and the circumstances under which they may do so, as held by a court of competent jurisdiction, the Rules of the Compact Commission shall be ineffective in that State to the extent of the conflict.

3. The Compact Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or as of the date specified in the Rule or amendment, whichever is later.

4. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

5. Rules shall be adopted at a regular or special meeting of the Compact Commission.

6. Prior to adoption of a proposed Rule, the Compact Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

7. Prior to adoption of a proposed Rule by the Compact Commission, and at least thirty (30) days in advance of the meeting at which the Compact Commission will hold a public hearing on the proposed Rule, the Compact Commission shall provide a Notice of Proposed rulemaking:

(1) On the website of the Compact Commission or other publicly accessible platform;

(2) To persons who have requested notice of the Compact Commission's notices of proposed rulemaking; and

(3) In such other way or ways as the Compact Commission may by Rule specify.

8. The Notice of Proposed rulemaking shall include:

(1) The time, date, and location of the public hearing at which the Compact Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Compact Commission will consider and vote on the proposed Rule;

(2) If the hearing is held via telecommunication, video conference, or other means of communication, the Compact Commission shall include the mechanism for access to the hearing in the Notice of Proposed rulemaking;

(3) The text of the proposed Rule and the reason therefor;

(4) A request for comments on the proposed Rule from any interested person; and

(5) The manner in which interested persons may submit written comments.

9. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Compact Commission in response to the proposed Rule shall be available to the public.

10. Nothing in this Section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Compact Commission at hearings required by this Section.

11. (1) The Compact Commission shall, by majority vote of all members, take final action on the proposed Rule based on the rulemaking record and the full text of the Rule.

(2) The Compact Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

(3) The Compact Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

(4) The Compact Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection 12 of this section, the effective date of the Rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

12. Upon determination that an emergency exists, the Compact Commission may consider and adopt an emergency Rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the Compact and in this Section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

- (2) Prevent a loss of Compact Commission or Member State funds;
- (3) Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or
- (4) Protect public health and safety.

13. The Compact Commission or an authorized committee of the Compact Commission may direct revision to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revision shall be posted on the website of the Compact Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Compact Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Compact Commission.

14. No Member State's rulemaking requirements shall apply under this Compact.

324.1850. 1. (1) The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement this Compact.

(2) Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Compact Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Compact Commission is located. The Compact Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct, or any such similar matter.

(3) The Compact Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Compact Commission service of process shall render a judgment or order void as to the Compact Commission, this Compact, or promulgated Rules.

2. (1) If the Compact Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Compact Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Compact Commission may take and shall offer training and specific technical assistance regarding the default.

(2) The Compact Commission shall provide a copy of the notice of default to the other Member States.

3. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges, and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

4. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Compact Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's Licensing Authority, and each of the Member States' Licensing Authority.

5. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

6. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of six months after the date of said notice of termination.

7. The Compact Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Compact Commission and the defaulting State.

8. The defaulting State may appeal the action of the Compact Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its

principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

9. (1) Upon request by a Member State, the Compact Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

(2) The Compact Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

10. (1) By supermajority vote, the Compact Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Compact Commission. The Compact Commission may pursue any other remedies available under federal or the defaulting Member State's law.

(2) A Member State may initiate legal action against the Compact Commission in the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) No party other than a Member State shall enforce this Compact against the Compact Commission.

324.1855. 1. (1) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

(2) (a) On or after the effective date of the Compact, the Compact Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

(b) A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in section 324.1850.

(c) If any Member State is later found to be in default, or is terminated, or withdraws from the Compact, the Compact Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

(3) Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in subdivision (21) of subsection 3 of section 324.1835 to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

(4) All actions taken for the benefit of the Compact Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Compact Commission coming into existence shall be considered to be actions of the Compact Commission unless specifically repudiated by the Compact Commission.

(5) Any State that joins the Compact subsequent to the Compact Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Compact Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

2. (1) Any Member State may withdraw from this Compact by enacting a statute repealing the same.

(2) A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

(4) Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all Compact

Privileges granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

3. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

4. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

324.1860. 1. This Compact and the Compact Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Compact Commission's rulemaking authority solely for those purposes.

2. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

3. Notwithstanding subsection 2 of this section, the Compact Commission may deny a State's participation in the Compact or, in accordance with the requirements of subsection 2 of section 324.1850, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

324.1865. 1. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Murphy, **House Amendment No. 1** was adopted.

Representative Jones (88) offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Bill No. 325, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"192.2405. 1. The following persons shall be required to immediately report or cause a report to be made to the department under sections 192.2400 to 192.2470:

(1) Any person having reasonable cause to suspect that an eligible adult presents a likelihood of suffering serious physical harm, or bullying as defined in subdivision (2) of section 192.2400, and is in need of protective services; and

(2) Any adult day care worker, chiropractor, Christian Science practitioner, coroner, dentist, embalmer, employee of the departments of social services, mental health, or health and senior services, employee of a local area agency on aging or an organized area agency on aging program, emergency medical technician, firefighter, first responder, funeral director, home health agency, home health agency employee, hospital and clinic personnel engaged in the care or treatment of others, in-home services owner or provider, in-home services operator or employee, law enforcement officer, long-term care facility administrator or employee, medical examiner, medical resident or intern, mental health professional, minister, nurse, nurse practitioner, optometrist, other health practitioner, peace officer, pharmacist, physical therapist, physician, physician's assistant, podiatrist, probation or parole officer, psychologist, social worker, **animal control officer, animal humane investigator as defined in section 273.415**, or other person with the responsibility for the care of an eligible adult who has reasonable cause to suspect that the eligible adult has been subjected to abuse or neglect or observes the eligible adult being subjected to conditions or circumstances which would reasonably result in abuse or neglect. Notwithstanding any other provision of this section, a duly ordained minister, clergy, religious worker, or Christian Science practitioner while functioning in his or her ministerial capacity shall not be required to report concerning a privileged communication made to him or her in his or her professional capacity.

2. Any other person who becomes aware of circumstances that may reasonably be expected to be the result of, or result in, abuse or neglect of an eligible adult may report to the department.

3. The penalty for failing to report as required under subdivision (2) of subsection 1 of this section is provided under section 565.188.

4. As used in this section, "first responder" means any person trained and authorized by law or rule to render emergency medical assistance or treatment. Such persons may include, but shall not be limited to, emergency first responders, police officers, sheriffs, deputy sheriffs, firefighters, or emergency medical technicians.

192.2510. 1. All persons providing protective services to eligible adults, as such terms are defined in section 192.2400, and who have direct contact with such adults, shall be required to complete at least one hour of training within the first sixty days of employment. The training shall include the following:

(1) Requirements to report animal abuse or neglect and the penalties associated with failure to report under section 273.410;

(2) How to identify animal abuse or neglect;

(3) How to make a report of animal abuse or neglect; and

(4) The relationship between eligible adult abuse or neglect and animal abuse or neglect.

2. The department of health and senior services, in consultation with animal welfare associations, shall develop or adapt and use available training materials for the training required under this section. Persons required to complete training under this section shall be provided with opportunities to do so during regular working hours.

3. As used in this section, the following terms shall mean:

(1) "Animal", the same meaning as in section 578.029;

(2) "Animal welfare association", a nonprofit organization that is established to promote animal welfare, is recognized by the Internal Revenue Service as tax exempt under the provisions of the Internal Revenue Code Section 501(c)(3) or 501(c)(4), or the corresponding section of any future tax code, and is registered with the secretary of state under chapter 355.

210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, peace officer or law enforcement official, **animal control officer, animal humane investigator as defined in section 273.415**, volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term "abuse" is not limited to abuse inflicted

by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. If two or more members of a medical institution who are required to report jointly have knowledge of a known or suspected instance of child abuse or neglect, a single report may be made by a designated member of that medical team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter immediately make the report. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. The reporting requirements under this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No person making a report under this section shall be subject to any sanction, including any adverse employment action, for making such report. Every employer shall ensure that any employee required to report pursuant to subsection 1 of this section has immediate and unrestricted access to communications technology necessary to make an immediate report and is temporarily relieved of other work duties for such time as is required to make any report required under subsection 1 of this section.

4. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

5. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

6. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452 and shall report the findings to the child fatality review panel established pursuant to section 210.192.

7. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting to the division.

8. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the children's division.

9. For the purposes of providing supportive services or verifying the status of a youth as unaccompanied or homeless for the purposes of accessing supportive services, the fact that a child is an unaccompanied youth as defined in 42 U.S.C. Section 11434a(6) is not, in and of itself, a sufficient basis for reporting child abuse or neglect, unless the child is under sixteen years of age or is an incapacitated person, as defined in section 475.010. Nothing in this subsection shall limit a mandated reporter from making a report under this section if the mandated reporter knows or has reasonable cause to suspect that an unaccompanied youth has been or may be a victim of abuse or neglect.

210.191. 1. All children's division employees, and contractors for children's services, who have direct contact with children through the state's child protection and welfare system shall be required to complete at least one hour of training within the first sixty days of employment or contract. The training shall include the following:

(1) Requirements to report animal abuse or neglect and the penalties associated with failure to report under section 273.410;

(2) How to identify animal abuse or neglect;

(3) How to make a report of animal abuse or neglect; and

(4) The relationship between child abuse or neglect and animal abuse or neglect.

2. The division, in consultation with animal welfare associations, shall develop or adapt and use available training materials for the training required under this section. Persons required to complete training under this section shall be provided with opportunities to do so during regular working hours.

3. As used in this section, the following terms shall mean:

(1) "Animal", the same meaning as in section 578.029;

(2) "Animal welfare association", the same meaning as in section 192.2510.

273.410. 1. When any psychologist, mental health professional, social worker, school counselor, teacher, or other school professional, or juvenile officer, law enforcement or peace officer, probation or parole officer, home health aide, adult or child protective services worker, or volunteer or personnel of a community service program that offers support or advocacy services for children in foster care has reasonable cause to suspect that an animal has been or may be subjected to abuse or neglect or observes an animal being subjected to conditions or circumstances that would reasonably result in abuse or neglect, that person shall make a report to the hotline established and operated by the Missouri Animal Control Association (MACA) within one day.

2. The hotline worker shall request all of the following information for the report:

(1) The name and description of the animal involved, if known;

(2) The address and telephone number of the owner or other person responsible for the care of the animal, if known;

(3) The nature and extent of the suspected abuse or neglect; and

(4) Any other information that the person making the report believes may be useful in establishing the existence of the suspected abuse or neglect or the identity of the person causing the abuse or neglect.

3. Upon receiving a report of suspected abuse or neglect, MACA shall provide the report to any duly-authorized law enforcement official, county or municipal animal control officer, or any Missouri peace officer standards and training (POST)-certified or MACA-certified animal cruelty investigator.

4. Any person required to report animal abuse or neglect under this section shall be immune from civil and criminal liability in connection with making any required reports if the person acted in good faith when making such report.

5. Notwithstanding any provision of law to the contrary, any information identifying a person who reports suspected animal abuse or neglect under this section shall be confidential and shall not be deemed a public record and shall not be subject to the provisions of section 109.180 or chapter 610.

6. No person required to make a report of animal abuse or neglect under this section shall knowingly make a false report. The penalty for making a false report and the defenses to prosecution shall be the same as under section 575.080.

7. If an agency or political subdivision of the state determines that an employee who is a mandated reporter under this section has failed to make a report as required by this section, the agency or political subdivision shall issue a written notice to such employee that shall include a finding of facts in support of the failure to make a report and an explanation of the reporting requirement. Such notice shall not be retained in a permanent employment file and shall be retained in a separate file or database maintained by the agency or political subdivision. Such notice shall be considered a closed record under the provisions of chapter 610.

8. Any person required to make a report under this section who is subject to professional licensure and who fails to make a report as required by this section shall be subject to discipline by his or her respective licensing board as follows:

(1) For the first instance of a failure to report, the licensing board shall issue a written notice to such employee that shall include a finding of facts in support of the failure to make a report and an explanation of the reporting requirement;

(2) For a second instance of a failure to report, the licensing board shall impose a fine of one hundred dollars;

(3) For a third and each subsequent instance of a failure to report, the licensing board shall impose a fine of five hundred dollars.

9. As used in this section, the term "animal" shall have the same meaning as in section 578.029.

273.415. 1. All persons employed or serving as animal control officers or animal humane investigators who have direct contact with animals shall be required to complete at least one hour of training within the first sixty days of employment. The training shall include the following:

(1) Requirements to report child abuse or neglect under section 210.115 or eligible person abuse or neglect under section 192.2405 and the penalties associated with failure to report such abuse or neglect;

(2) How to identify child or eligible person abuse or neglect;

(3) How to make a report of child or eligible person abuse or neglect; and

(4) The relationship between child, eligible adult, and animal abuse or neglect.

2. The children's division and the department of health and senior services, in consultation with animal welfare associations, shall develop or adapt and use available training materials for the training required under this section. Persons required to complete training under this section shall be provided with opportunities to do so during regular working hours.

3. As used in this section, the following terms shall mean:

(1) "Animal", the same meaning as in section 578.029;

(2) "Animal humane investigator", a duly-authorized county or municipal animal control officer or any Missouri peace officer standards and training (POST)-certified or Missouri Animal Control Association (MACA)-certified animal cruelty investigator;

(3) "Animal welfare association", the same meaning as in section 192.2510."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-THIRD DAY, WEDNESDAY, MARCH 26, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

He that loveth not knoweth not God; for God is love. (I John 4:8)

God of love and of mercy, lay Your hand upon us and hold us steady during this legislative day. The votes come and go so fast that we lose our focus. We hurry here and there and wonder why we are weary and worn out. We need Your strength.

Halt our haste, heal our hearts, direct us in the doing of our duty, stay with us and we with Your spirit to face the challenges of this day with courage and to keep our faith and love in our Show Me State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Devin Kramer, Charlee Johnson, Cabria Turner, Lughton Turner, and Amanda Turner.

The Journal of the forty-first day was approved as printed by the following vote:

(3) Missouri law shall control all endowed care trust funds and the Missouri courts shall have jurisdiction over endowed care trusts regardless of where records may be kept or various administrative tasks may be performed.

2. An endowed care trust fund shall be administered in accordance with Missouri law governing trusts, including but not limited to the applicable provisions of chapters 456 and 469, except as specifically provided in this subsection or where the provisions of sections 214.270 to 214.410 provide differently, provided that a cemetery operator shall not in any circumstances be authorized to restrict, enlarge, change, or modify the requirements of this section or the provisions of chapters 456 and 469 by agreement or otherwise.

(1) Income and principal of an endowed care trust fund shall be determined under the provisions of law applicable to trusts, except that the provisions of section 469.405 shall not apply.

(5) No trustee shall have the power to terminate an endowed care trust fund under the provisions of section 456.4-414.

(6) A unitrust election made in accordance with the provisions of chapter 469 shall be made by the cemetery operator in the terms of the endowed care trust fund agreement itself, not by the trustee.

(7) No contract of insurance shall be deemed a suitable investment for an endowed care trust fund.

(8) The income from the endowed care fund may be distributed to the cemetery operator at least annually on a date designated by the cemetery operator, but no later than sixty days following the end of the trust fund year. Any income not distributed within sixty days following the end of the trust's fiscal year shall be added to and held as part of the principal of the trust fund.

3. The cemetery operator shall have the duty and responsibility to apply the income distributed to provide care and maintenance only for that part of the cemetery designated as an endowed care section and not for any other purpose.

4. In addition to any other duty, obligation, or requirement imposed by sections 214.270 to 214.410 or the endowed care trust agreement, the trustee's duties shall be the maintenance of records related to the trust and the accounting for and investment of moneys deposited by the operator to the endowed care trust fund.

(1) For the purposes of sections 214.270 to 214.410, the trustee shall not be deemed responsible for the care, the maintenance, or the operation of the cemetery, or for any other matter relating to the cemetery, or the proper expenditure of funds distributed by the trustee to the cemetery operator, including, but not limited to, compliance with environmental laws and regulations.

(2) With respect to cemetery property maintained by endowed care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property.

Funds in an escrow account shall be placed in an endowed care trust fund under subsection 1 if the funds in the escrow account exceed three hundred fifty thousand dollars, unless otherwise approved by the division for good cause. The account shall be insured by the Federal Deposit Insurance Corporation or comparable deposit insurance and held in a state or federally chartered financial institution authorized to do business in Missouri and located in this state.

(1) The interest from the escrow account may be distributed to the cemetery operator at least in annual or semiannual installments, but not later than six months following the calendar year. Any interest not distributed

(2) The cemetery operator shall have the duty and responsibility to apply the interest to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the escrow account shall have been established and not for any other purpose. The principal of such funds shall be kept intact. The cemetery operator's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the escrow account. For purposes of sections 214.270 to 214.410, the administrator of the office of endowed care cemeteries shall not be deemed to be responsible for the care, maintenance, or operation of the cemetery. (3) The division may approve an escrow agent if the escrow agent demonstrates the knowledge, skill, and ability to handle escrow funds and financial transactions and is of good moral character.

6. The cemetery operator shall be accountable to the owners of burial space in the cemetery for compliance with sections 214.270 to 214.410.

8. All endowed care cemeteries shall be under a continuing duty to file with the office of endowed care cemeteries and to submit for prior approval any and all changes, amendments, or revisions of the endowed care trust fund agreement at least thirty days before the effective date of such change, amendment, or revision.

9. If the endowed care trust fund agreement, or any changes, amendments, or revisions filed with the office, are not disapproved by the office within thirty days after submission by the cemetery operator, the endowed care trust fund agreement, or the related change, amendment, or revision, shall be deemed approved and may be used by the cemetery operator and the trustee. Notwithstanding any other provision of this section, the office may review and disapprove an endowed care trust fund agreement, or any submitted change, amendment, or revision, after the thirty days provided herein or at any other time if the agreement is not in compliance with sections 214.270 to 214.410 or the rules promulgated thereunder. Notice of disapproval by the office shall be in writing and delivered to the cemetery operator and the trustee within ten days of disapproval.

10. Funds in an endowed care trust fund or escrow account may be commingled with endowed care funds for other endowed care cemeteries, provided that the cemetery operator and the trustee shall maintain adequate accounting records of the disbursements, contributions, and income allocated for each cemetery.

By accepting the trusteeship of an endowed care trust or accepting funds as an escrow agent pursuant to sections 214.270 to 214.410, the trustee or escrow agent submits personally to the jurisdiction of the courts of this state and the office of endowed care cemeteries regarding the administration of the trust or escrow account. A trustee or escrow agent shall consent in writing to the jurisdiction of the state of Missouri and the office in regards to the trusteeship or the operation of the escrow account and to the appointment of the office of secretary of state as its agent for service of process regarding any administrative or legal actions relating to the trust or the escrow account, if it has no designated agent for service of process located in this state. 2. A fiduciary's allocation, determination, or exercise of discretion pursuant to sections 469.399 to 469.487 is presumed to be fair and reasonable to all beneficiaries. A fiduciary may exercise a discretionary power of administration given to the fiduciary by the terms of the trust ~~[or the will, even if the]~~, and an exercise of the power that produces a result different from a result required or permitted by sections ~~[469.401]~~ 469.399 to ~~[469.467]~~ 469.487 does not create an inference that the fiduciary abused the fiduciary's discretion.

~~[(3) Shall administer a trust or estate pursuant]~~

3. A fiduciary shall:

(1) Add a receipt to ~~[sections 469.401 to 469.467 if]~~ principal, to the extent neither the terms of the trust ~~[or the will do not contain a different provision or do not give]~~ nor sections 469.399 to 469.487 allocate the ~~[fiduciary a discretionary power of administration]~~ receipt between income and principal; and

~~[(4) Shall add a receipt or]~~ (2) Charge a disbursement to principal, to the extent ~~[that the terms of the trust and sections 469.401 to 469.467 do not provide a rule for allocating the receipt or disbursement to or between principal and income.]~~

2. In exercising the power to adjust pursuant to section 469.405 or a discretionary power of administration regarding a matter within the scope of sections 469.401 to 469.467, whether granted by the terms of a trust, a will, or sections 469.401 to 469.467, a fiduciary shall administer a trust or estate impartially, based on what is fair and reasonable to all of the beneficiaries, except to the extent that the terms of the trust or the will clearly manifest an intent that the fiduciary shall or may favor one or more of the beneficiaries. A determination in accordance with sections 469.401 to 469.467 is presumed to be fair and reasonable to all of the beneficiaries] neither the terms of the trust nor sections 469.399 to 469.487 allocate the disbursement between income and principal.

4. A fiduciary may exercise the power to adjust under section 469.405, convert an income trust to a unitrust under subdivision (1) of subsection 1 of section 469.475, change the percentage or method used to

calculate a unitrust amount under subdivision (2) of subsection 1 of section 469.475, or convert a unitrust to an income trust under subdivision (3) of subsection 1 of section 469.475, if the fiduciary determines the exercise of the power will assist the fiduciary to administer the trust or estate impartially.

5. Factors the fiduciary shall consider in making the determination under subsection 4 of this section include:

- (1) The terms of the trust;
- (2) The nature, distribution standards, and expected duration of the trust;
- (3) The effect of the allocation rules, including specific adjustments between income and principal, under sections 407.413 to 407.461;
- (4) The desirability of liquidity and regularity of income;
- (5) The desirability of the preservation and appreciation of principal;
- (6) The extent to which an asset is used or may be used by a beneficiary;
- (7) The increase or decrease in the value of principal assets, reasonably determined by the fiduciary;
- (8) Whether and to what extent the terms of the trust give the fiduciary power to accumulate income or invade principal or prohibit the fiduciary from accumulating income or invading principal;
- (9) The extent to which the fiduciary has accumulated income or invaded principal in preceding accounting periods;
- (10) The effect of current and reasonably expected economic conditions; and
- (11) The reasonably expected tax consequences of the exercise of the power.

469.404. 1. As used in this section, the term "fiduciary decision" means:

- (1) A fiduciary's allocation between income and principal or other determination regarding income and principal required or authorized by the terms of the trust or sections 469.399 to 469.487;
- (2) The fiduciary's exercise or nonexercise of a discretionary power regarding income and principal granted by the terms of the trust or sections 469.399 to 469.487, including the power to adjust under section 469.405, convert an income trust to a unitrust under subdivision (1) of subsection 1 of section 469.475, change the percentage or method used to calculate a unitrust amount under subdivision (2) of subsection 1 of section 469.475, or convert a unitrust to an income trust under subdivision (3) of subsection 1 of section 469.475; or
- (3) The fiduciary's implementation of a decision described in subdivision (1) or (2) of this subsection.

2. The court shall not order a fiduciary to change a fiduciary decision unless the court determines that the fiduciary decision was an abuse of the fiduciary's discretion.

3. If the court determines that a fiduciary decision was an abuse of the fiduciary's discretion, the court may order a remedy authorized by law, including under section 456.10-1001. To place the beneficiaries in the positions the beneficiaries would have occupied if there had not been an abuse of the fiduciary's discretion, the court may order:

- (1) The fiduciary to exercise or refrain from exercising the power to adjust under section 469.405;
- (2) The fiduciary to exercise or refrain from exercising the power to convert an income trust to a unitrust under subdivision (1) of subsection 1 of section 469.475, change the percentage or method used to calculate a unitrust amount under subdivision (2) of subsection 1 of section 469.475, or convert a unitrust to an income trust under subdivision (3) of subsection 1 of section 469.475;
- (3) The fiduciary to distribute an amount to a beneficiary;
- (4) A beneficiary to return some or all of a distribution; or
- (5) The fiduciary to withhold an amount from one or more future distributions to a beneficiary.

4. On petition by a fiduciary for instruction, the court may determine whether a proposed fiduciary decision will result in an abuse of the fiduciary's discretion. If the petition describes the proposed decision, contains sufficient information to inform the beneficiary of the reasons for making the proposed decision and the facts on which the fiduciary relies, and explains how the beneficiary will be affected by the proposed decision, a beneficiary that opposes the proposed decision has the burden to establish that it will result in an abuse of the fiduciary's discretion.

469.405. 1. ~~[A trustee may adjust between principal and income to the extent the trustee considers necessary if the trustee invests and manages trust assets as a prudent investor, the terms of the trust describe the amount that may or shall be distributed to a beneficiary by referring to the trust's income, and the trustee determines, after applying subsection 1 of section 469.403, that the trustee is unable to comply with subsection 2 of section 469.403.] Except as otherwise provided in the terms of a trust or this section, a fiduciary, in a record, without court approval, may adjust between income and principal if the fiduciary determines the exercise of the power to adjust will assist the fiduciary to administer the trust or estate impartially.~~

469.459. 1. A tax required to be paid by a ~~trustee~~ **fiduciary** **that is** based on receipts allocated to income shall be paid from income.

2. A tax required to be paid by a ~~trustee~~ **fiduciary** **that is** based on receipts allocated to principal shall be paid from principal, even if the tax is called an income tax by the taxing authority.

3. **Subject to subsection 4 of this section and sections 469.456, 469.457, and 469.462,** a tax required to be paid by a ~~trustee~~ **fiduciary** on ~~[the trust's]~~ a share of an entity's taxable income **in an accounting period** shall be paid **from**:

469.462. 1. A fiduciary may make an adjustment between income and principal to offset the shifting of economic interests or tax benefits between current income beneficiaries and successor beneficiaries that arises from:

(2) An income tax or other tax imposed on the fiduciary or a beneficiary as a result of a transaction involving the fiduciary or a distribution by the fiduciary; or

(3) Ownership by the fiduciary of an interest in an entity, a part of whose taxable income, whether or not distributed, is includable in the taxable income of the fiduciary or a beneficiary.

2. If the amount of an estate tax marital or charitable deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes and, as a result, estate taxes paid from principal are increased and income taxes paid by the fiduciary or a beneficiary are decreased, the fiduciary shall charge each beneficiary that benefits from the decrease in income tax to reimburse the principal from which the increase in estate tax is paid. The total reimbursement shall equal the increase in the estate tax, to the extent the principal used to pay the increase would have qualified for a marital or charitable deduction but for the payment. The share of the reimbursement for each fiduciary or beneficiary whose income taxes are reduced shall be the same as its share of the total decrease in income tax.

3. A fiduciary that charges a beneficiary under subsection 2 of this section may offset the charge by obtaining payment from the beneficiary, withholding an amount from future distributions to the beneficiary, or adopting another method or combination of methods.

469.467. **The provisions of sections ~~[469.401]~~ 469.399 to ~~[469.467]~~ 469.487 apply to ~~[every]~~ a trust or ~~[decedent's]~~ estate existing or created on or after August 28, ~~[2001]~~ 2025, except as otherwise expressly provided in the ~~[will or]~~ terms of the trust or ~~[in]~~ sections ~~[469.401]~~ 469.399 to ~~[469.467]~~ 469.487.**

469.471. As used in sections 469.471 to 469.487, the following terms mean:

(1) "Applicable value", the amount of the net fair market value of a trust taken into account under section 469.483;

(2) "Express unitrust", a trust for which, under the terms of the trust without regard to sections 469.471 to 469.487, income or net income shall or may be calculated as a unitrust amount;

(3) "Income trust", a trust that is not a unitrust;

(4) "Net fair market value of a trust", the fair market value of the assets of the trust, less the noncontingent liabilities of the trust;

(5) "Unitrust", a trust for which net income is a unitrust amount. The term "unitrust" includes an express unitrust;

(6) "Unitrust amount", an amount computed by multiplying a determined value of a trust by a determined percentage. For a unitrust administered under a unitrust policy, the term "unitrust amount" means the applicable value multiplied by the unitrust rate;

(7) "Unitrust policy", a policy described in sections 469.479 to 469.487 and adopted under section 469.475;

(8) "Unitrust rate", the rate used to compute the unitrust amount for a unitrust administered under a unitrust policy.

469.473. 1. Except as otherwise provided in subsection 2 of this section, sections 469.471 to 469.487 apply to:

(1) An income trust, unless the terms of the trust expressly prohibit use of sections 469.471 to 469.487 by a specific reference to these sections or an explicit expression of intent that net income not be calculated as a unitrust amount; and

(2) An express unitrust, except to the extent the terms of the trust explicitly:

(a) Prohibit use of sections 469.471 to 469.487 by a specific reference to such sections;

(b) Prohibit conversion to an income trust; or

(c) Limit changes to the method of calculating the unitrust amount.

2. Sections 469.471 to 469.487 do not apply to a trust described in 26 U.S.C. Section 170(f)(2)(B), 642(c)(5), 664(d), 2702(a)(3)(A)(ii) or (iii), or 2702(b), as amended.

3. An income trust to which sections 469.471 to 469.487 apply under subdivision (1) of subsection 1 of this section may be converted to a unitrust under sections 469.471 to 469.487 regardless of the terms of the trust concerning distributions. Conversion to a unitrust under sections 469.471 to 469.487 does not affect other terms of the trust concerning distributions of income or principal.

4. Sections 469.471 to 469.487 apply to an estate only to the extent a trust is a beneficiary of the estate. To the extent of the trust's interest in the estate, the estate may be administered as a unitrust, the administration of the estate as a unitrust may be discontinued, or the percentage or method used to calculate the unitrust amount may be changed, in the same manner as for a trust under sections 469.471 to 469.487.

5. Sections 469.471 to 469.487 do not create a duty to take or consider action under sections 469.471 to 469.487 or to inform a beneficiary about the applicability of sections 469.471 to 469.487.

6. A fiduciary that in good faith takes or fails to take an action under sections 469.471 to 469.487 is not liable to a person affected by the action or inaction.

469.475. 1. A fiduciary, without court approval, by complying with subsections 2 and 6 of this section, may:

(1) Convert an income trust to a unitrust if the fiduciary adopts in a record a unitrust policy for the trust providing:

(a) That in administering the trust the net income of the trust will be a unitrust amount rather than net income determined without regard to sections 469.471 to 469.487; and

(b) The percentage and method used to calculate the unitrust amount;

(2) Change the percentage or method used to calculate a unitrust amount for a unitrust if the fiduciary adopts in a record a unitrust policy or an amendment or replacement of a unitrust policy providing changes in the percentage or method used to calculate the unitrust amount; or

(3) Convert a unitrust to an income trust if the fiduciary adopts in a record a determination that, in administering the trust, the net income of the trust will be net income determined without regard to sections 469.471 to 469.487 rather than a unitrust amount.

2. A fiduciary may take an action under subsection 1 of this section if:

(1) The fiduciary determines that the action will assist the fiduciary to administer a trust impartially;

(2) The fiduciary sends a notice in a record, in the manner required by section 469.477, describing and proposing to take the action;

(3) The fiduciary sends a copy of the notice under subdivision (2) of this subsection to each settlor of the trust that is:

3. If a fiduciary receives, not later than the date stated in the notice under subdivision (5) of subsection 4 of section 469.477, an objection in a record described in subdivision (4) of subsection 4 of section 469.477 to a proposed action, the fiduciary or a beneficiary may request the court to have the proposed action taken as proposed, taken with modifications, or prevented. A person described in subsection 1 of section 469.477 may oppose the proposed action in the proceeding under this subsection, whether or not the person:

- (1) Consented under subsection 3 of section 469.477; or
- (2) Objected under subdivision (4) of subsection 4 of section 469.477.

4. If, after sending a notice under subdivision (2) of subsection 2 of this section, a fiduciary decides not to take the action proposed in the notice, the fiduciary shall notify in a record each person described in subsection 1 of section 469.477 of the decision not to take the action and the reasons for the decision.

5. If a beneficiary requests in a record that a fiduciary take an action described in subsection 1 of this section and the fiduciary declines to act or does not act within ninety days after receiving the request, the beneficiary may request the court to direct the fiduciary to take the action requested.

6. In deciding whether and how to take an action authorized by subsection 1 of this section, or whether and how to respond to a request by a beneficiary under subsection 5 of this section, a fiduciary shall consider all factors relevant to the trust and the beneficiaries, including relevant factors in subsection 5 of section 469.403.

7. (4) During a stay under subdivision (1) of this subsection, the court may allow limited discovery if a party shows that specific information is necessary to establish whether a party has satisfied or failed to satisfy a burden imposed by subdivision (1) of subsection 9 of this section and is not reasonably available without discovery.

(5) A motion for costs and expenses under subsection 12 of this section shall not be subject to a stay under this section.

(6) A stay under this subsection does not affect a party's ability to voluntarily dismiss a cause of action or part of a cause of action or move to sever a cause of action.

(2) A voluntary dismissal without prejudice of a responding party's cause of action, or part of a cause of action, that is the subject of a motion under subsection 5 of this section does not affect a moving party's right to obtain a ruling on the motion and seek costs, reasonable attorney's fees, and reasonable litigation expenses under subsection 12 of this section.

(3) A voluntary dismissal with prejudice of a responding party's cause of action, or part of a cause of action, that is the subject of a motion under subsection 5 of this section establishes for the purpose of subsection 12 of this section that the moving party prevailed on the motion.

The clerk of the court shall keep in a permanent file all applications for probation or parole by the court, and shall keep in such manner as may be prescribed by the court complete and full records of all presentence investigations requested, probations or paroles granted, revoked or terminated and all discharges from probations or paroles. All court orders relating to any presentence investigation requested and probation or parole granted under the provisions of this chapter and sections 558.011 and 558.026 shall be kept in a like manner, and, if the defendant subject to any such order is subject to an investigation or is under the supervision of the division of probation and parole, a copy of the order shall be sent to the division of probation and parole. In any county where a parole board ceases to exist, the clerk of the court shall preserve the records of that parole board.

2. **Except in criminal proceedings**, information and data obtained by a probation or parole officer shall be privileged information and shall not be receivable in any court. Such information shall not be disclosed directly or indirectly to anyone other than the members of a parole board and the judge entitled to receive reports, except the court, the division of probation and parole, or the parole board may in its discretion permit the inspection of the report, or parts of such report, by the defendant, or offender or his or her attorney, or other person having a proper interest therein.

3. The provisions of subsection 2 of this section notwithstanding, the presentence investigation report shall be made available to the state and all information and data obtained in connection with preparation of the presentence investigation report may be made available to the state at the discretion of the court upon a showing that the receipt of the information and data is in the best interest of the state.

2. Notwithstanding any other provision of law to the contrary, the moneys collected by clerks of the courts pursuant to the provisions of subsection 1 of this section shall be collected and disbursed in accordance with sections 488.010 to 488.020 and shall be payable to the director of the department of revenue.

3. The director of revenue shall deposit annually the amount of two hundred fifty thousand dollars to the state forensic laboratory account administered by the department of public safety to provide financial assistance to defray expenses of crime laboratories if such analytical laboratories are registered with the federal Drug Enforcement Agency or the Missouri department of health and senior services. Subject to appropriations made therefor, such funds shall be distributed by the department of public safety to the crime laboratories serving the courts of this state making analysis of a controlled substance or analysis of blood, breath or urine in relation to a court proceeding.

4. The remaining funds collected under subsection 1 of this section shall be denoted to the payment of an annual appropriation for the administrative and operational costs of the office for victims of crime and, if a statewide automated crime victim notification system is established pursuant to section 650.310, to the monthly payment of expenditures actually incurred in the operation of such system. Additional remaining funds shall be subject to the following provisions:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

5. The director of revenue or such director's designee shall at least monthly report the moneys paid pursuant to this section into the crime victims' compensation fund and the services to victims fund to the department of public safety.

6. The moneys collected by clerks of municipal courts pursuant to subsection 1 of this section shall be collected and disbursed as provided by sections 488.010 to 488.020. Five percent of such moneys shall be payable to the city treasury of the city from which such funds were collected. The remaining ninety-five percent of such moneys shall be payable to the director of revenue. The funds received by the director of revenue pursuant to this subsection shall be distributed as follows:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

(2) Beginning on September 1, 2004, and on the first of each month the director of revenue or the director's designee shall deposit fifty percent of the balance of funds available to the credit of the crime victims' compensation fund and fifty percent to the services to victims' fund established in section 595.100.

7. These funds shall be subject to a biennial audit by the Missouri state auditor. Such audit shall include all records associated with crime victims' compensation funds collected, held or disbursed by any state agency.

8. In addition to the moneys collected pursuant to subsection 1 of this section, the court shall enter a judgment in favor of the state of Missouri, payable to the crime victims' compensation fund, of sixty-eight dollars upon a plea of guilty or a finding of guilt for a class A or B felony; forty-six dollars upon a plea of guilty or finding of guilt for a class C ~~or~~, D, or E felony; and ten dollars upon a plea of guilty or a finding of guilt for any misdemeanor under Missouri law except for those in chapter 252 relating to fish and game, chapter 302 relating to drivers' and commercial drivers' license, chapter 303 relating to motor vehicle financial responsibility, chapter 304 relating to traffic regulations, chapter 306 relating to watercraft regulation and licensing, and chapter 307 relating to vehicle equipment regulations. Any clerk of the court receiving moneys pursuant to such judgments shall collect and disburse such crime victims' compensation judgments in the manner provided by sections 488.010 to 488.020. Such funds shall be payable to the state treasury and deposited to the credit of the crime victims' compensation fund.

9. The clerk of the court processing such funds shall maintain records of all dispositions described in subsection 1 of this section and all dispositions where a judgment has been entered against a defendant in favor of

the state of Missouri in accordance with this section; all payments made on judgments for alcohol-related traffic offenses; and any judgment or portion of a judgment entered but not collected. These records shall be subject to audit by the state auditor. The clerk of each court transmitting such funds shall report separately the amount of dollars collected on judgments entered for alcohol-related traffic offenses from other crime victims' compensation collections or services to victims collections.

10. The department of revenue shall maintain records of funds transmitted to the crime victims' compensation fund by each reporting court and collections pursuant to subsection 16 of this section and shall maintain separate records of collection for alcohol-related offenses.

11. The state courts administrator shall include in the annual report required by section 476.350 the circuit court caseloads and the number of crime victims' compensation judgments entered.

12. All awards made to injured victims under sections 595.010 to 595.105 and all appropriations for administration of sections 595.010 to 595.105, except sections 595.050 and 595.055, shall be made from the crime victims' compensation fund. Any unexpended balance remaining in the crime victims' compensation fund at the end of each biennium shall not be subject to the provision of section 33.080 requiring the transfer of such unexpended balance to the ordinary revenue fund of the state, but shall remain in the crime victims' compensation fund. In the event that there are insufficient funds in the crime victims' compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the crime victims' compensation fund, then no claim shall be paid until funds have again accumulated in the crime victims' compensation fund. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

13. When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

14. All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

15. Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

16. The department may receive gifts and contributions for the benefit of crime victims. Such gifts and contributions shall be credited to the crime victims' compensation fund as used solely for compensating victims under the provisions of sections 595.010 to 595.075.

~~3. In determining the average net fair market value of the assets held in the trust, there shall not be included the value of:~~

~~(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or~~

~~(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.~~

~~4. In determining the average net fair market value of the assets held in the trust pursuant to subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.~~

~~5. This section shall apply to the following trusts:~~

~~(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;~~

~~(2) Any trust created under an instrument that became irrevocable on, before, or after August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply unless the instrument creating the trust specifically prohibits an election under this subdivision. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Section 469.402 shall apply for all purposes of this subdivision. An action or order by any court shall not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is between three and five percent, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section 469.405; and~~

~~(3) No action of any kind based on an election made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from the effective date of that election.~~

~~6. (1) Once the provisions of this section become applicable to a trust, the net income of the trust shall be the unitrust amount.~~

~~(2) Unless otherwise provided by the governing instrument, the unitrust amount distributed each year shall be paid from the following sources for that year up to the full value of the unitrust amount in the following order:~~

~~(a) Net income as determined if the trust were not a unitrust;~~

~~(b) Other ordinary income as determined for federal income tax purposes;~~

~~(c) Assets of the trust principal for which there is a readily available market value;~~

~~and~~

(d) ~~Other trust principal.~~

(3) ~~Additionally, the trustee may allocate to trust income for each taxable year of the trust, or portion thereof:~~

(a) ~~Net short term capital gain described in the Internal Revenue Code, 26 U.S.C. Section 1222(5), for such year, or portion thereof, but only to the extent that the amount so allocated together with all other amounts to trust income, as determined under the provisions of this chapter without regard to this section, for such year, or portion thereof, does not exceed the unitrust amount for such year, or portion thereof;~~

(b) ~~Net long term capital gain described in the Internal Revenue Code, 26 U.S.C. Section 1222(7), for such year, or portion thereof, but only to the extent that the amount so allocated together with all other amounts, including amounts described in paragraph (a) of this subdivision, allocated to trust income for such year, or portion thereof, does not exceed the unitrust amount for such year, or portion thereof.~~

7. ~~A trust with respect to which this section applies on August 28, 2011, may calculate the unitrust amount in accordance with the provisions of this section, as it existed either before or after such date, as the trustee of such trust shall determine in a writing kept with the records of the trust in the trustee's discretion.]~~

[469.461. 1. A fiduciary may make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries which arise from:

(1) ~~Elections and decisions, other than those described in subsection 2 of this section, that the fiduciary makes from time to time regarding tax matters;~~

(2) ~~An income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving or a distribution from the estate or trust; or~~

(3) ~~The ownership by an estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust or a beneficiary.~~

2. ~~If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes, and as a result estate taxes paid from principal are increased and income taxes paid by an estate, trust or beneficiary are decreased, each estate, trust or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement shall equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust or beneficiary whose income taxes are reduced shall be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.]~~

[537.528. 1. Any action against a person for conduct or speech undertaken or made in connection with a public hearing or public meeting, in a quasi judicial proceeding before a tribunal or decision-making body of the state or any political subdivision of the state is subject to a special motion to dismiss, motion for judgment on the pleadings, or motion for summary judgment that shall be considered by the court on a priority or expedited basis to ensure the early consideration of the issues raised by the motion and to prevent the unnecessary expense of litigation. Upon the filing of any special motion described in this subsection, all discovery shall be suspended pending a decision on the motion by the court and the exhaustion of all appeals regarding the special motion.

2. ~~If the rights afforded by this section are raised as an affirmative defense and if a court grants a motion to dismiss, a motion for judgment on the pleadings or a motion for summary judgment filed within ninety days of the filing of the moving party's answer, the court shall award reasonable attorney fees and costs incurred by the moving party in defending the action. If the court finds that a special motion to dismiss or motion for summary judgment is frivolous or solely intended to cause unnecessary delay, the court shall award costs and reasonable attorney fees to the party prevailing on the motion.~~

~~3. Any party shall have the right to an expedited appeal from a trial court order on the special motions described in subsection 2 of this section or from a trial court's failure to rule on the motion on an expedited basis.~~

~~4. As used in this section, a "public meeting in a quasi-judicial proceeding" means and includes any meeting established and held by a state or local governmental entity, including without limitations meetings or presentations before state, county, city, town or village councils, planning commissions, review boards or commissions.~~

~~5. Nothing in this section limits or prohibits the exercise of a right or remedy of a party granted pursuant to another constitutional, statutory, common law or administrative provision, including civil actions for defamation.~~

~~6. If any provision of this section or the application of any provision of this section to a person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.~~

~~7. The provisions of this section shall apply to all causes of actions.]; and~~

(4) Under the single bank pooled method a banking institution may secure the deposit of public funds of one or more government entities through a pool of eligible securities held in custody and safekeeping with one or more other banking institutions or safe depositories, to be held subject to the order of the director of the division of finance or the administrator appointed pursuant to subsection 3 of this section for the benefit of the government entities having public funds deposited with such banking institution as set forth in this section.

3. (1) The director of the division of finance shall have exclusive authority to appoint a bank, trust company, or association for Missouri banks which is chartered or incorporated in Missouri, to serve as the administrator with respect to a single bank pooled method. The administrator shall act as an agent for banking institutions and as the nominee of the government entities for purposes of administering the pool of securities pledged to secure uninsured public fund deposits. The fees and expenses of such administrator shall be paid by the banking institutions utilizing the single bank pooled method. The single bank pooled method shall not be utilized by any banking institution unless an administrator has been appointed by the director pursuant to this section and is acting as the administrator. The director may require the administrator to post a surety bond or security to the director in an amount up to one hundred thousand dollars to assure the faithful performance of the duties of the administrator.

(2) At all times the aggregate market value of the pool of securities so deposited, pledged, or in which a security interest is granted shall be at least equal to one hundred two percent of the amount on deposit which is in excess of the amount so insured.

(3) Each banking institution shall carry on its accounting records at all times a general ledger or other appropriate account of the total amount of all public funds to be secured by the pool of securities as determined at the opening of business each day, and the aggregate market value of the pool of securities pledged, or in which a security interest is granted to secure such public funds.

(4) If a banking institution elects to secure the deposit of public funds through the use of the single bank pooled method, such banking institution shall notify the administrator in writing that it has elected to utilize the single bank pooled method and the proposed effective date thereof and enter such agreement as the administrator may require.

(5) A banking institution may not retain any deposit of public funds which is required to be secured unless it has secured the deposits for the benefit of the government entities having public funds with such banking institution pursuant to this section.

(6) Only the securities and collateral described or listed pursuant to section 30.270 for the safekeeping and payment of deposits by the state treasurer may be provided and accepted as security for the deposit of public funds and shall be eligible as collateral. The administrator shall not accept any securities which are not described or listed pursuant to section 30.270.

(7) The administrator may establish such procedures and reporting requirements as necessary for depository banking institutions and their safekeeping banks or depositories to confirm the amount of insured public fund deposits, the pledge of securities to the administrator to secure the deposit of public funds, as agent for each participating banking institution, and to monitor the market value of pledged securities as reported by the custody agents, and to add, substitute, or remove securities held in the single bank pool as directed by the depository banking institution.

(8) In the event of the failure and insolvency of a banking institution using the single bank pooled method, subject to any order of the director pursuant to powers vested under chapter 361, the administrator shall direct the safekeeping banks or depositories to sell the pledged securities and direct proceeds to the payment of the uninsured public fund deposits or to transfer the pledged securities to that banking institution's primary supervisory agency or the duly appointed receiver for the banking institution to be liquidated to pay out the uninsured public fund deposits.

Further amend said bill, Page 6, Section 301.140, Line 167, by inserting after said section and line the following:

"301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or

trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, **except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture.** The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station **or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer** shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin. **A licensed new or used motor vehicle dealer completing the inspection under this section shall be subject to disciplinary action up to and including suspension or revocation of their dealer's license for knowingly completing such inspection with incorrect information. Such disciplinary action shall take place in accordance with department of revenue regular procedures for disciplinary action.**

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection

required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

- (1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;
- (2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;
- (3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and
- (4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is required to be registered in this state, except:

- (1) Motor vehicles having less than one hundred fifty thousand miles [~~for the ten-year period following their model year of manufacture~~] **and of model year 2012 or newer**, excluding prior salvage vehicles immediately following a rebuilding process and vehicles subject to the provisions of section 307.380;
- (2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and
- (3) Historic motor vehicles registered pursuant to section 301.131;
- (4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than twelve months;

The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred; however, if a vehicle was purchased from a motor vehicle dealer and a valid inspection had been made within sixty days of the purchase date, the new owner shall be able to utilize an inspection performed within ninety days prior to the application for registration or transfer. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. 3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.

2. Other authorized health care practitioners may furnish to a disabled or temporarily disabled person a physician's statement for only those physical health care conditions for which such health care practitioner is legally authorized to diagnose and treat.
3. A physician's statement shall:
- (1) Be on a form prescribed by the director of revenue;

(2) Set forth the specific diagnosis and medical condition which renders the person physically disabled or temporarily disabled as defined in this section;

(3) Include the physician's or other authorized health care practitioner's license number; and

(4) Be personally signed by the issuing physician or other authorized health care practitioner.

4. If it is the professional opinion of the physician or other authorized health care practitioner issuing the statement that the physical disability of the applicant, user, or member of the applicant's household is permanent, it shall be noted on the statement. Otherwise, the physician or other authorized health care practitioner shall note on the statement the anticipated length of the disability, which shall determine the expiration date for the temporary windshield placard, and which period shall not exceed one hundred eighty days. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days.

5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

6. The medical or other records of the physician or other authorized health care practitioner who issued a physician's statement shall be open to inspection and review by such practitioner's licensing board, in order to verify compliance with this section. Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

7. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to primarily transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application to the director accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days preceding the date the application is made, and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards

may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every ~~four~~ **eight** years. **The department shall have the authority to automatically renew current valid disabled placards for a duration of eight years, or for the duration that correlates with the disabled person's current physician's statement expiration date, until all permanent disabled placards are on an eight-year renewal cycle.** The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. A windshield placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

14. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

15. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

16. (1) Except as otherwise provided in this subsection, every applicant for issuance of a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application, and for renewal applications a physician's statement dated no more than ninety days prior to such application shall be required every eighth year.

(2) Notwithstanding any provision of law to the contrary, if the applicant has presented proof of disability in the form of a statement from the United States Department of Veterans Affairs verifying that the person is permanently disabled, the applicant shall not be required to provide a physician's statement for the purpose of issuance or renewal of disabled person license plates or windshield placards.

(3) Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided a physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled person license plates or windshield placards.

17. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered

nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law.

18. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

19. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

20. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

21. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

22. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

23. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

24. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

25. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

26. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis."; and

Further amend said bill and section, Page 6, Line 167, by inserting after said section and line the following:

"301.558. 1. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may fill in the blanks on standardized forms in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer if the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer does not charge for the services of filling in the blanks or otherwise charge for preparing documents.

2. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may charge an administrative fee in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services not prohibited by this section. A portion of the administrative fee may result in profit to the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer.

3. (1) Ten percent of any fee authorized under this section and charged by motor vehicle dealers **or trailer dealers** shall be remitted to the motor vehicle administration technology fund established in this subsection, for the development of the system specified in this subsection. Following the development of the system specified in this subsection, the director of the department of revenue shall notify motor vehicle dealers **and trailer dealers**, and implement the system, and the percentage of any fee authorized under this section required to be remitted to the fund shall be reduced to ~~one~~ **three and one-half** percent, which shall be used for maintenance of the system. This subsection shall expire on January 1, 2037.

(2) There is hereby created in the state treasury the "Motor Vehicle Administration Technology Fund", which shall consist of money collected as specified in this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the purpose of development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles.

(3) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(4) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. No motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer that sells or leases new or used motor vehicles, **trailers**, vessels, or vessel trailers and imposes an administrative fee of five hundred dollars or less in connection with the sale or lease of a new or used **motor** vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services shall be deemed to be engaging in the unauthorized practice of law. The maximum administrative fee permitted under this subsection shall be increased annually by an amount equal to the percentage change in the annual average of the Consumer Price Index for All Urban Consumers or its successor index, as reported by the federal Bureau of Labor Statistics or its successor agency, or by zero, whichever is greater. The director of the department of revenue shall annually furnish the maximum administrative fee determined under this section to the secretary of state, who shall publish such value in the Missouri Register as soon as practicable after January fourteenth of each year.

5. If an administrative fee is charged under this section, the same administrative fee shall be charged to all retail customers unless the fee is limited by the dealer's franchise agreement to certain classes of customers. The fee shall be disclosed on the retail buyer's order form as a separate itemized charge.

6. A preliminary worksheet on which a sale price is computed and that is shown to the purchaser, a retail buyer's order form from the purchaser, or a retail installment contract shall include, in reasonable proximity to the place on the document where the administrative fee authorized by this section is disclosed, the amount of the administrative fee and the following notice in type that is boldfaced, capitalized, underlined, or otherwise conspicuously set out from the surrounding written material:

"AN ADMINISTRATIVE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW BUT MAY BE CHARGED BY A DEALER. THIS ADMINISTRATIVE FEE MAY RESULT IN A PROFIT TO DEALER. NO PORTION OF THIS ADMINISTRATIVE FEE IS FOR THE DRAFTING, PREPARATION, OR COMPLETION OF DOCUMENTS OR THE PROVIDING OF LEGAL ADVICE. THIS NOTICE IS REQUIRED BY LAW."

7. The general assembly believes that an administrative fee charged in compliance with this section is not the unauthorized practice of law or the unauthorized business of law so long as the activity or service for which the fee is charged is in compliance with the provisions of this section and does not result in the waiver of any rights or remedies. Recognizing, however, that the judiciary is the sole arbitrator of what constitutes the practice of law, in the event that a court determines that an administrative fee charged in compliance with this section, and that does not waive any rights or remedies of the buyer, is the unauthorized practice of law or the unauthorized business of law, then no person who paid that administrative fee may recover said fee or treble damages, as permitted under section 484.020, and no person who charged that fee shall be guilty of a misdemeanor, as provided under section 484.020."; and

If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. A windshield placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

14. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further

contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

15. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

16. (1) Except as otherwise provided in this subsection, every applicant for issuance of a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application, and for renewal applications a physician's statement dated no more than ninety days prior to such application shall be required every eighth year.

(2) Notwithstanding any provision of law to the contrary, if the applicant has presented proof of disability in the form of a statement from the United States Department of Veterans Affairs verifying that the person is permanently disabled, the applicant shall not be required to provide a physician's statement for the purpose of issuance or renewal of disabled person license plates or windshield placards.

(3) Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided a physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled person license plates or windshield placards.

17. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or ~~with~~ the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists, **or the Missouri board of occupational therapy established in section 324.063, with respect to physician's statements signed by licensed occupational therapists**, to determine whether the physician is duly licensed and registered pursuant to law.

18. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

19. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

20. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

21. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

22. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

23. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

24. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

25. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

26. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist ~~[or]~~, optometrist, **or occupational therapist** to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis."; and

"301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. 2. This section and

chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void."; and

If such changed benefit program provides smaller allowances than the benefit program previously in effect, then such changed benefit program shall be applicable only to credited service for employment rendered from and after the effective date of such change. After August 28, 1994, political subdivisions shall not elect coverage under benefit program LT-4, benefit program LT-5, or benefit program LT-8. After August 28, 2005, political subdivisions shall not elect coverage under benefit program L-9 or benefit program LT-10(65).

5. Should an employer change its election of benefit program as provided in this section, the employer contributions shall be correspondingly changed effective the same date as the benefit program change.

6. The limitation on increases in an employer's contribution provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer electing a benefit program which provides larger allowances.

7. Subject to the provisions of subsections **8 and 9** ~~and 10~~ of this section, for an allowance becoming effective on September 28, 1975, or later, and beginning with the October first which is at least twelve full months after the effective date of the allowance, the amount of the allowance shall be redetermined effective each October first and such redetermined amount shall be payable for the ensuing year. Subject to the limitations stated in the next sentence, such redetermined amount shall be the amount of the allowance otherwise payable multiplied by the following percent: one hundred percent, plus two percent for each full year (excluding any fraction of a year) in the period from the effective date of the allowance to the current October first. In no event shall such redetermined amount (1) be less than the amount of the allowance otherwise payable nor (2) be more than the amount of the allowance otherwise payable multiplied by the following fraction: the numerator shall be the Consumer Price Index for the month of June immediately preceding such October first (but in no event an amount less than the denominator below) and the denominator shall be the Consumer Price Index for the month of June immediately preceding the effective date of the allowance. As used herein, "Consumer Price Index" means **a measure of the Consumer Price Index [for Urban Wage Earners and Clerical Workers,] as determined by the United States Department of Labor and adopted by the board of trustees [in effect January 1, 1975; provided, should such Consumer Price Index be restructured subsequent to 1974 in a manner materially changing its character, the board shall change the application of the Consumer Price Index so that as far as is practicable the 1975 intent of the use of the Consumer Price Index shall be continued].** As used herein "the amount of the allowance otherwise payable" means the amount of the allowance which would be payable without regard to these provisions redetermining allowance amounts after retirement.

8. ~~[Subject to the provisions of subsections 9 and 10 of this section, for an allowance becoming effective on September 28, 1975, or later, the maximum allowance payable under the provisions of section 70.685 shall be redetermined each October first in the same manner as an allowance is redetermined under the provisions of subsection 7 of this section.]~~

9.] (1) The system establishes reserves for the payment of future allowances to retirants and beneficiaries. Should the board determine, after consulting with the actuary, that the established reserves are more than sufficient to provide such allowances, the board may increase the annual increase rate provided for in ~~[subsections]~~ **subsection 7 [and 8]** of this section, as it applies to any allowance payable, but in no event shall the total of all redetermined amounts as of October first of any year be greater than one hundred four percent of the allowances which would have been payable that October first without such redeterminations; provided, as of any redetermination date the same annual increase rate shall be applied to all allowances with effective dates in the range of November first to October first of the following year. The board may extend the provisions of ~~[subsections]~~ **subsection 7 [and 8]** of this section to allowances which became effective before September 28, 1975; provided such an action by the board shall not increase an employer contribution rate then in effect;

(2) After August 28, 1993, the annual increase rate established by this subsection shall be a compound rate, compounded annually, and the four percent annual maximum rate shall also be a compound rate, compounded annually; provided, the use of such compounding shall not begin until October 1, 1993, and shall not affect redeterminations made prior to that date.

~~[40.]~~ 9. Should the board determine that the provisions of subsections 7~~[, 8]~~ and ~~[9]~~ **8** of this section are jeopardizing the financial solvency of the system, the board shall suspend these provisions redetermining allowance amounts after retirement for such periods of time as the board deems appropriate.

70.680. 1. Any member in service with five or more years of credited service who has not attained the age and service requirements of section 70.645 and who becomes totally and permanently physically or mentally incapacitated for his duty as an employee, as the result of a personal injury or disease, may be retired by the board upon written application filed with the board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of such member, and the third by the first two physicians so named, the medical committee reports to the board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent and that such member should be retired.

2. Upon disability retirement, as provided in subsection 1 of this section, a member shall receive an allowance for life provided for in section 70.655 and shall have the right to elect an option provided for in section 70.660. His or her disability retirement and allowance shall be subject to the provisions of subsection 5 of this section ~~[and to the provisions of section 70.685]~~.

3. Any member in service who becomes totally and permanently physically or mentally incapacitated for his duty as an employee, as the natural and proximate result of a personal injury or disease which the board finds to have arisen out of and in the course of his actual performance of duty as an employee, may be retired by the board upon written application filed with the board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of such member, and the third by the first two physicians so named, the medical committee reports to the board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent, and that such member should be retired.

4. Upon disability retirement as provided in subsection 3 of this section, a member shall receive an allowance for life provided for in section 70.655; provided, that for the sole purpose of computing the amount of such allowance, he or she shall be given credited service for the period from the date of his or her disability retirement to the date he or she would attain age sixty. He or she shall have the right to elect an option provided for in section 70.660. His or her disability retirement and allowance shall be subject to the provisions of subsection 5 of this section ~~[and to the provisions of section 70.685]~~.

5. At least once each year during the first five years following a member's retirement on account of disability, and at least once in each three-year period thereafter, the board shall require any disability retirant who has not attained his minimum service retirement age to undergo a medical examination to be made by a physician designated by the board. If the retirant refuses to submit to medical examination in any such period, his disability allowance shall be suspended by the board until his withdrawal of such refusal. If such refusal continues for one

year, all his rights in and to a disability allowance shall be revoked by the board. If, upon medical examination of the retirant, the physician reports to the board that the retirant is physically and mentally able and capable of resuming his duty as an employee in the position held by him at the time of his disability retirement, then the board shall, if demanded by the retirant, arrange a further medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of the member, and the third by the first two physicians named. Should the medical committee concur, by majority opinion in writing to the board, the disability retirant is capable of resumption of duty, his disability retirement shall terminate and he shall be returned to duty and he shall immediately again become a member of the system, his credited service at the time of disability retirement shall be restored to his credit, and the amount of his accumulated contributions at the time of his disability retirement shall be restored to his credit in the members deposit fund. If he was in receipt of a duty disability allowance provided for in subsection 3 of this section, he shall also be given service credit for the period he was in receipt of the duty disability allowance.

70.690. 1. In the event a member ceases to be a member other than by death before the date he becomes entitled to retire with an allowance payable by the system, he shall be paid, upon his written application filed with the board, his accumulated contributions standing to his credit in the members deposit fund.

2. In the event a member dies, and no allowance becomes or will become payable by the system on account of his death, his accumulated contributions standing to his credit in the members deposit fund at the time of his death shall be paid to such person or persons as he shall have nominated by written designation duly executed and filed with the board. If there be no such designated person or persons surviving such member, such accumulated contributions shall be paid to his surviving spouse, or to his estate if there is no surviving spouse.

3. In the event a member's membership in the system terminates, and no allowance becomes or will become payable on his account, any accumulated contributions standing to his credit in the members deposit fund unclaimed by such member or his legal representative within ~~three~~ ten years after the date his membership terminated, shall be transferred to the income-expense fund. If thereafter proper application is made for such accumulated contributions, the board shall pay them from the income-expense fund, but without interest after the date payment was first due.

70.745. 1. The board shall be the trustees of the funds of the system. Subject to the provisions of any applicable federal or state laws, the board shall have full power to invest and reinvest the moneys of the system, and to hold, purchase, sell, assign, transfer or dispose of any of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys.

2. The board of trustees may deliberate about, or make tentative or final decisions on, investments or other financial matters in a closed meeting under chapter 610 if disclosure of the deliberations or decisions would jeopardize the ability to implement a decision or to achieve investment objectives. A record of the retirement system that discloses deliberations about, or a tentative decision on, investments or other financial matters is not a public record under chapter 610 to the extent and so long as its disclosure would jeopardize the ability to implement a decision or to achieve investment objectives.

70.746. Notwithstanding any other provision of law to the contrary, the board of trustees may delegate to its duly appointed investment counselor authority to act in place of the board in the investment and reinvestment of all or part of the moneys of the system, and may also delegate to such counselor the authority to act in place of the board in the holding, purchasing, selling, assigning, transferring, or disposing of any or all of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys. ~~[Such investment counselor shall be registered as an investment advisor with the United States Securities and Exchange Commission.]~~ In exercising or delegating its investment powers and authority, members of the board shall exercise ordinary business care and prudence under the facts and circumstances prevailing at the time of the action or decision. In so doing, the board shall consider the long- and short-term needs of the system in carrying out its purposes, the system's present and anticipated financial requirements, the expected total return on the system's investment, general economic conditions, income, growth, long-term net appreciation, and probable safety of funds. No member of the board shall be liable for any action taken or omitted with respect to the exercise of or delegation of these powers and authority if such member shall have discharged the duties of his or her position in good faith and with that degree of diligence, care, and skill which prudent men and women would ordinarily exercise under similar circumstances in a like position.

70.747. Notwithstanding any other provision of law to the contrary, the board shall have full power to invest and reinvest the funds and moneys of the system in improved real estate, including collective real estate funds and real estate investment trusts, wherever situated~~]; provided, however, that not more than one tenth of the funds and moneys of the system at the time of such investment shall be so invested].~~

70.748. 1. Notwithstanding the provisions of section 105.662 to the contrary, the board may set up and maintain a local government employee retirement systems of Missouri investment fund account in which investment and reinvestment of all or part of the moneys of the retirement system may be placed and be available for investment purposes.

2. For the purpose of investing the funds of the retirement system, the funds may be combined with the funds of any retirement plan that is administered by the retirement system under section 70.621 and any retirement plan established for the purpose of providing benefits for employees of the system, but the funds of each plan shall be accounted for separately and for all other reporting purposes shall be separate.

3. The board of trustees may promulgate such rules and regulations consistent with the provisions of this section as deemed necessary for its proper administration, pursuant to the provisions of this section and this chapter. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.";

An investment fiduciary shall discharge his or her duties in the interest of the participants in the system and their beneficiaries and shall:

(a) The diversification of the investments of the system;

(b) The liquidity and current return of the investments of the system relative to the anticipated cash flow requirements of the system; and

(c) The projected return of the investments of the system relative to the funding objectives of the system;

(5) Give appropriate consideration to investments which would enhance the general welfare of this state and its citizens if those investments offer the safety and rate of return comparable to other investments available to the investment fiduciary at the time the investment decision is made; **and**

The administration of the other pension plan shall be in accordance with the terms of such pension plan. 3. 4. Annually, the actuary for the retirement system shall calculate each employer's contribution as an amount equal to a certain percentage of the total compensation of all members employed by that employer. The percentage shall be fixed on the basis of the liabilities of the retirement system as shown by the annual actuarial valuation. The annual actuarial valuation shall be made on the basis of such actuarial assumptions and the actuarial cost method adopted by the board of trustees, provided that the actuarial cost method adopted shall be in accordance with generally accepted actuarial standards and that the unfunded actuarial accrued liability, if any, shall be amortized by level annual payments over a period not to exceed thirty years. The provisions of this subsection shall expire on December 31, 2017; thereafter subsection 5 of this section shall apply.

5. (1) For calendar year 2018, the rate of contribution payable by each employer shall equal sixteen percent of the total compensation of all members employed by that employer. 3. Any report filed pursuant to this chapter shall include an affirmation that the committee has not knowingly or willfully received, solicited, or accepted, directly or indirectly, contributions from a prohibited source.

4. Any committee or person that makes an expenditure in support of or in opposition to a ballot measure shall keep records of any contribution or expenditure and retain such records in the same manner and for the same period of time as is required by section 130.036.

130.176. 1. Upon a committee's receipt of a contribution of more than two thousand dollars, the treasurer shall obtain from the donor an affirmation that the donor is not a foreign national and has not knowingly or willfully accepted funds, directly or indirectly, aggregating in excess of ten thousand dollars from one or more prohibited sources within the two-year period immediately preceding the date the contribution is made, in the case of an individual, or within the four-year period immediately preceding the date the contribution is made, in case of any other entity. Receipt of an affirmation by a committee pursuant to this subsection shall create a rebuttable presumption of compliance with this subsection on the part of the committee. Nothing in this subsection shall prohibit the attorney general from pursuing any action pursuant to section 130.188 if the attorney general has found a willful violation of this subsection.

2. Each disclosure report filed pursuant to section 130.041 shall require the treasurer of a committee to affirm that the donor associated with each contribution is not a foreign national and has not knowingly or willfully received, solicited, or accepted, whether directly or indirectly, contributions from one or more prohibited sources aggregating in excess of ten thousand dollars within the four-year period immediately preceding the date of the contribution.

3. Within forty-eight hours of making one or more expenditures supporting or opposing a ballot measure, the entity making the expenditure shall affirm to the Missouri ethics commission that it has not knowingly or willfully accepted funds, directly or indirectly, aggregating in excess of ten thousand dollars from one or more prohibited sources within the four-year period immediately preceding the date the expenditure is made and that it will not do so through the remainder of the calendar year in which the ballot measure will appear on the ballot. Each disclosure report filed pursuant to section 130.041 shall require the entity making the expenditure to affirm that it has not knowingly or willfully accepted funds, directly or indirectly, aggregating in excess of ten thousand dollars from one or more prohibited sources within the four-year period immediately preceding the date the expenditure is made. Receipt of an affirmation from a donor that it is not a foreign national shall create a rebuttable presumption that the entity has not knowingly or willingly accepted funds, directly or indirectly, aggregating in excess of ten thousand dollars from one or more prohibited sources. Nothing in this subsection shall prohibit the attorney general from pursuing any action pursuant to section 130.188 if the attorney general has found a willful violation of this subsection.

4. Notwithstanding any provision of this section to the contrary, a donor or entity that makes a contribution to a committee or an expenditure in support of or in opposition to a ballot measure from its own funds obtained through the usual course of business or in any commercial or other transaction from any source and which are not contributions does not violate this section.

5. A committee shall not accept an in-kind contribution from any foreign national or from any individual or entity that has knowingly or willfully accepted funds, directly or indirectly, aggregating in excess of ten thousand dollars from one or more foreign nationals within the four year period immediately preceding the date the in-kind contribution is made. A foreign national shall not make an in-kind expenditure for the purpose of supporting or opposing any ballot measure.

130.179. 1. A foreign national may not direct, dictate, control or directly or indirectly participate in the decision-making process of any person with regard to that person's activities to influence an election on a ballot measure, such as decisions concerning the making of contributions to influence an election on a ballot measure.

2. A foreign national may not solicit, directly or indirectly, the making of a donation, contribution or expenditure by another person to influence an election on a ballot measure.

3. Nothing in sections 130.170 to 130.188 shall be deemed to create or eliminate any existing rights or duties beyond those specifically enumerated in such sections.

130.185. 1. Lawful donors to a tax-exempt organization possess a right of privacy in their donations. Any investigation of an alleged violation of sections 130.170 to 130.188 shall occur in a manner that shields the identity of lawful donors as much as possible. The attorney general shall not collect or require the submission of information on the identity of any donor to a tax-exempt organization other than those directly related to an alleged violation of sections 130.170 to 130.188. Any collection or required submission of information by the attorney general regarding the identity of any donor to a tax-exempt organization beyond that permitted by sections 130.170 to 130.188 shall be deemed a violation of section 105.1500.

2. The attorney general shall not disclose to the public, or another government official not directly involved in the investigation, information revealing the identity of the entity under investigation or any donor to a tax-exempt organization, unless the information is regarding the identity of the entity or of a donor that engaged in conduct prohibited by sections 130.170 to 130.188 after a final determination has been made that the entity or donor violated sections 130.170 to 130.188. The unlawful disclosure of information revealing the identity of any entity under investigation or donor to a tax-exempt organization in connection with a committee shall be deemed a violation of section 105.1500.

130.188. 1. (1) If the attorney general has reasonable cause to believe that a person or entity has engaged in, is engaging in, or is about to engage in, a violation of sections 130.170 to 130.185, the attorney general may execute in writing and cause to be served upon any person who is believed to have information, documentary material, or physical evidence relevant to the alleged or suspected violation, a civil investigative demand requiring such person to appear and testify, or to produce relevant documentary material or physical evidence or examination, at such reasonable time and place as may be stated in the civil investigative demand, concerning the subject matter of the investigation. Service of any civil investigative demand, notice,

or subpoena may be made by any person authorized by law to serve process or by any duly authorized employee of the attorney general.

(2) In the process of a civil investigative demand being executed pursuant to subdivision (1) of this subsection, the provisions of sections 407.040 to 407.090 shall apply.

2. (1) If the attorney general has reasonable cause to believe that a committee, person, or other entity has engaged in, is engaging in, or is about to engage in, a violation of sections 130.170 to 130.185, the attorney general may bring a civil action to enforce sections 130.170 to 130.188. The provisions of section 130.054 and 105.957 to 105.963 shall not apply to violations of sections 130.170 to 130.188.

(2) A committee, person, or other entity alleged to have violated sections 130.170 to 130.188 shall be provided a notice of the civil action, with opportunity for discovery and opportunity to be heard as provided by law for civil actions generally before being found liable for a violation of sections 130.170 to 130.188.

(3) In all actions brought pursuant to this section, the burden of proof shall be on the attorney general.

(4) (a) Prior to discovery, the court shall set a hearing to determine if there is probable cause to believe that a committee, person, or other entity has violated sections 130.170 to 130.188.

(b) If, after the hearing, the court determines that no probable cause exists to believe that a violation of sections 130.170 to 130.188 has occurred, the court shall enter an order of dismissal.

(c) If, after the hearing, the court determines that probable cause does exist to believe that a violation of sections 130.170 to 130.188 has occurred, the court shall enter an order to that effect and the case should proceed to trial on an expedited basis.

(5) Subject to the provisions of section 130.185, the committee, person, or other entity alleged to have violated sections 130.170 to 130.188 may, at a time to be determined by the court prior to the scheduling of trial, present evidence sufficient to rebut the probable cause finding by making an ex parte presentation of records to the court for in camera review.

(6) A non-prevailing party under paragraph (c) of subdivision (4) of this subsection has the right to:

(a) An interlocutory expedited appeal; and

(b) A stay of proceedings in the trial court.

3. (1) Within thirty days of a court finding that a committee has violated sections 130.170 to 130.188, the committee shall refund the contribution to the original contributor. In the event of an appeal, the contribution shall be placed in escrow, after which the funds shall be disbursed in accordance with the final order.

(2) If the committee is unable to return the funds, the directors, officers or executive members of the campaign committee shall be liable in their personal capacity, jointly and severally, for the refund of said funds.

4. Within thirty days of a court finding that a committee, person, or other entity making an expenditure covered by sections 130.170 to 130.188 has violated such sections, the committee, person, or other entity shall disgorge to the attorney general funds in an amount equal to the reported cost of the expenditure. If the committee, person, or entity is unable to disgorge the requisite funds, the person or the directors, officers or executive members of the committee or other entity shall be liable in their personal capacities, jointly and severally, for the payment of the amount due. In the event of an appeal, the funds subject to disgorgement shall be placed in escrow, after which they shall be disbursed in accordance with the final order.

5. If any lobbyist violates any of the provisions of sections 130.170 to 130.188, the lobbyist's registration may be revoked or suspended and the lobbyist may be enjoined from receiving compensation or making expenditures for lobbying.

6. If the attorney general prevails in an action brought under this section, the court shall award:

(1) Injunctive relief sufficient to prevent the defendant from violating sections 130.170 to 130.188 or engaging in acts that aid or abet violations of such sections; and

(2) Statutory damages up to twice the amount of the prohibited contribution or expenditure.

7. In addition to the penalties in subsection 6 of this section and any other remedies provided by law, if the court finds a knowingly or willful violation of sections 130.170 to 130.188, the court may assess a penalty of up to three times the statutory damages."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Forgive us where we fail and cause us to seek Your face, so that we might reflect Your light.

In Jesus's name we pray. Amen.

House Amendment No. 1*

AMEND House Amendment No. 1 to House Bill No. 754, Page 2, Line 9, by deleting all of the said line and inserting in lieu thereof the following:

"362.490. 1. Notwithstanding any provision of law of this state or of any political subdivision thereof requiring security for deposits in the form of collateral, surety bond or in any other form, security for such deposits shall not be required to the extent said deposits are insured under the provisions of an act of congress creating and establishing the Federal Deposit Insurance Corporation or similar agency created and established by the Congress of the United States.

2. (1) As an alternative to the requirements for direct pledging of security for deposit of public funds in excess of the amount that is federally insured or guaranteed pursuant to sections 110.010, 110.020, and 110.060, a banking institution authorized as legal depository for public funds may secure the deposits of any governmental entity by granting a security interest in a single pool of securities to secure the repayment of all public funds deposited in the banking institution by such governmental entities and not otherwise federally insured or secured pursuant to law.

(2) A banking institution may secure the deposit of public funds using the direct method as provided in chapter 110, or the single bank pooled method provided in this section, or may elect to offer government entities the choice of either method to secure the deposit of public funds.

(3) Under the direct method a banking institution may secure the deposit of public funds of each government entity separately by furnishing securities pursuant to sections 110.010, 110.020, and 110.060.

(4) Under the single bank pooled method a banking institution may secure the deposit of public funds of one or more government entities through a pool of eligible securities held in custody and safekeeping with one or more other banking institutions or safe depositories, to be held subject to the order of the director of the division of finance or the administrator appointed pursuant to subsection 3 of this section for the benefit of the government entities having public funds deposited with such banking institution as set forth in this section.

3. (1) The director of the division of finance shall have exclusive authority to appoint a bank, trust company, or association for Missouri banks which is chartered or incorporated in Missouri, to serve as the administrator with respect to a single bank pooled method. The administrator shall act as an agent for banking institutions and as the nominee of the government entities for purposes of administering the pool of securities pledged to secure uninsured public fund deposits. The fees and expenses of such administrator shall be paid by the banking institutions utilizing the single bank pooled method. The single bank pooled method shall not be utilized by any banking institution unless an administrator has been appointed by the director pursuant to this section and is acting as the administrator. The director may require the administrator to post a surety bond or security to the director in an amount up to one hundred thousand dollars to assure the faithful performance of the duties of the administrator.

(2) At all times the aggregate market value of the pool of securities so deposited, pledged, or in which a security interest is granted shall be at least equal to one hundred two percent of the amount on deposit which is in excess of the amount so insured.

(3) Each banking institution shall carry on its accounting records at all times a general ledger or other appropriate account of the total amount of all public funds to be secured by the pool of securities as determined at the opening of business each day, and the aggregate market value of the pool of securities pledged, or in which a security interest is granted to secure such public funds.

(4) If a banking institution elects to secure the deposit of public funds through the use of the single bank pooled method, such banking institution shall notify the administrator in writing that it has elected to utilize the single bank pooled method and the proposed effective date thereof and enter such agreement as the administrator may require.

(5) A banking institution may not retain any deposit of public funds which is required to be secured unless it has secured the deposits for the benefit of the government entities having public funds with such banking institution pursuant to this section.

(6) Only the securities and collateral described or listed pursuant to section 30.270 for the safekeeping and payment of deposits by the state treasurer may be provided and accepted as security for the deposit of public funds and shall be eligible as collateral. The administrator shall not accept any securities which are not described or listed pursuant to section 30.270.

(7) The administrator may establish such procedures and reporting requirements as necessary for depository banking institutions and their safekeeping banks or depositories to confirm the amount of insured public fund deposits, the pledge of securities to the administrator to secure the deposit of public funds, as agent for each participating banking institution, and to monitor the market value of pledged securities as reported by the custody agents, and to add, substitute, or remove securities held in the single bank pool as directed by the depository banking institution.

(8) In the event of the failure and insolvency of a banking institution using the single bank pooled method, subject to any order of the director pursuant to powers vested under chapter 361, the administrator shall direct the safekeeping banks or depositories to sell the pledged securities and direct proceeds to the

payment of the uninsured public fund deposits or to transfer the pledged securities to that banking institution's primary supervisory agency or the duly appointed receiver for the banking institution to be liquidated to pay out the uninsured public fund deposits.

"161.670. 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish the "Missouri Course Access and Virtual School Program" to serve school-age students residing in the state. The Missouri course access and virtual school program shall offer nonclassroom-based instruction in a virtual setting using technology, intranet, or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the Missouri course access and virtual school program pursuant to subsection 3 of this section.

2. (1) For purposes of calculation and distribution of state school aid, students enrolled in the Missouri course access and virtual school program shall be included in the student enrollment of the school district in which the student is enrolled under the relevant provisions of subsection 3 of this section for such enrollment. Student attendance for full-time virtual program students shall only be included in any district pupil attendance calculation under chapter 163 using current-year pupil attendance for such full-time virtual program pupils. For the purpose of calculating average daily attendance in full-time virtual programs under this section, average daily attendance shall be defined as the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by enrolled pupils between the ages of five and twenty-one by the actual number of hours that the program was in session in that term, and the provisions of section 162.1250 shall not apply to such funding calculation. Such calculation shall be generated by the virtual provider and provided to the host district for submission to the department of elementary and secondary education. Such students may complete their instructional activities, as defined in subsection 4 of this section, during any hour of the day and during any day of the week. The hours attended for each enrolled pupil shall be documented by the pupil's weekly progress in the educational program according to a process determined by the virtual program and published annually in the virtual program's enrollment handbook or policy. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. In the case of a host school district enrolling one or more full-time virtual school students, such enrolling district shall, as part of its monthly state allocation, receive no less under the state aid calculation for such students than an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students. Students residing in Missouri and enrolled in a full-time virtual school program operated by a public institution of higher education in this state shall be counted for a state aid calculation by the department, and the department shall pay, from funds dedicated to state school aid payments made under section 163.031, to such institution an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students.

(2) The Missouri course access and virtual school program shall report to the district of residence the following information about each student served by the Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who is enrolled in the instructional equivalent of six credits per regular term. Each Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate.

(3) Pursuant to an education services plan and collaborative agreement under subsection 3 of this section, full-time equivalent students may be allowed to use a physical location of the resident school district for all or some portion of ongoing instructional activity, and the enrollment plan shall provide for reimbursement of costs of the resident district for providing such access pursuant to rules promulgated under this section by the department.

(4) In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

(5) A full-time virtual school program serving full-time equivalent students shall be considered an attendance center in the host school district and shall participate in the statewide assessment system as defined in section 160.518. The academic performance of students enrolled in a full-time virtual school program shall be assigned to the designated attendance center of the full-time virtual school program and shall be considered in like manner to other attendance centers. The academic performance of any student who disenrolls from a full-time virtual school program and enrolls in a public school or charter school shall not be used in determining the annual performance report score of the attendance center or school district in which the student enrolls for twelve months from the date of enrollment.

(6) For the purposes of this section, a public institution of higher education operating a full-time virtual school program shall be subject to all requirements applicable to a host school district with respect to its full-time equivalent students.

3. (1) A student who resides in this state may enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student's annual course load each school year, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in a public school, including any charter school; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. The policy shall ensure that available opportunities for in-person instruction are considered prior to moving a student to virtual courses. The policy shall allow for continuous enrollment throughout the school year. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for good cause. Good cause justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student, and shall be consistent with the determination that would be made for such course request under the process by which a district student would enroll in a similar course offered by the school district and a charter school student would enroll in a similar course offered by the charter school, except that the determination may consider the suitability of virtual courses for the student based on prior participation in virtual courses by the student. Appeals of any course denials under this subsection shall be considered under a policy that is substantially similar to the typical process by which appeals would be considered for a student seeking to enroll in courses offered by the school district and a charter school student seeking to enroll in courses offered by the charter school.

(3) For students enrolled in any Missouri course access and virtual school program course in which costs associated with such course are to be paid by the school district or charter school as described under this subdivision, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course.

(4) (a) A student who lives in this state may enroll in a virtual program of their choice as provided in this subdivision, and the provisions of subdivisions (1) to (3) of this subsection shall not apply to such enrollment in a full-time virtual program. Each host school district operating a full-time virtual program under this section shall adopt, operate and implement an enrollment policy as specified by the provisions of this subdivision. The student, the student's parent or guardian if the student is not considered homeless, the virtual program, the host district, and the resident district shall collaborate in good faith to implement the enrollment policy regarding the student's enrollment, and the resident school district and the host school district may mutually agree that the resident district shall offer or continue to offer services for the student under an agreement that includes financial terms for reimbursement by the host school district for the necessary costs of the resident school district providing such services. An enrollment policy specified under this subsection shall:

a. Require a student's parent or guardian, if the student is not considered homeless, to apply for enrollment in a full-time virtual program directly with the virtual program;

b. Specify timelines for timely participation by the virtual program, the host district, and resident district; provided that the resident district shall provide any relevant information and input on the enrollment within ten business days of notice from the virtual program of the enrollment application;

c. Include a survey of the reasons for the student's and parent's interests in participating in the virtual program;

d. Include consideration of available opportunities for in-person instruction prior to enrolling a student in a virtual program;

e. Evaluate requests for enrollment based on meeting the needs for a student to be successful considering all relevant factors;

f. Ensure that, for any enrolling student with a covered disability, an individualized education program and a related services agreement, in cases where such agreement is needed, are created to provide all services required to ensure a free and appropriate public education, including financial terms for reimbursement by the host district for the necessary costs of any virtual program, school district, or public or private entity providing all or a portion of such services;

g. Require the virtual program to determine whether an enrolling student will be admitted, based on the enrollment policy, in consideration of all relevant factors and provide the basis for its determination and any service plan for the student, in writing, to the student, the student's parent or guardian, the host district, and the resident district; and

h. Provide a process for reviewing appeals of decisions made under this subdivision.

(b) The department shall publish an annual report based on the enrollments and enrollment surveys conducted under this subdivision that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the virtual program at the statewide and district levels; provided that no such survey results will be published in a manner that reveals individual student information. The department shall also include, in the annual report, data at the statewide and district levels of sufficient detail to allow detection and analysis of the racial, ethnic, and socio-economic balance of virtual program participation among schools and districts at the statewide and district levels, provided that no such survey results will be published in a manner that reveals individual student information.

(5) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(6) The Missouri course access and virtual school program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(7) Virtual school programs shall monitor individual student success and engagement of students enrolled in their program and, for students enrolled in virtual courses on a part-time basis, the virtual school program shall provide regular student progress reports for each student at least four times per school year to the school district or charter school, provide the host school district and the resident school district ongoing access to academic and other relevant information on student success and engagement, and shall terminate or alter the course offering if it is found the course is not meeting the educational needs of the students enrolled in the course.

(8) The department of elementary and secondary education shall monitor the aggregate performance of providers and make such information available to the public under subsection 11 of this section.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(10) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(11) Nothing in this section shall prohibit home school or FPE school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(12) Nothing in this subsection shall require any school district, charter school, virtual program, or the state to provide computers, equipment, or internet access to any student unless required under the education services plan created for an eligible student under subdivision (4) of this subsection or for an eligible student with a disability

to comply with federal law. An education services plan may require an eligible student to have access to school facilities of the resident school district during regular school hours for participation and instructional activities of a virtual program under this section, and the education services plan shall provide for reimbursement of the resident school district for such access pursuant to rules adopted by the department under this section.

(13) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(14) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(15) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

(16) A host district may contract with a provider to perform any required services involved with delivering a full-time virtual education.

4. (1) As used in this subsection, the term "instructional activities" means classroom-based or nonclassroom-based activities that a student shall be expected to complete, participate in, or attend during any given school day, such as:

- (a) Online logins to curricula or programs;
- (b) Offline activities;
- (c) Completed assignments within a particular program, curriculum, or class;
- (d) Testing;
- (e) Face-to-face communications or meetings with school staff;
- (f) Telephone or video conferences with school staff;
- (g) School-sanctioned field trips; or
- (h) Orientation.

(2) A full-time virtual school shall submit a notification to the parent or guardian of any student who is not consistently engaged in instructional activities and shall provide regular student progress reports for each student at least four times per school year.

(3) Each full-time virtual school shall develop, adopt, and post on the school's website a policy setting forth the consequences for a student who fails to complete the required instructional activities. Such policy shall state, at a minimum, that if a student fails to complete the instructional activities after receiving a notification under subdivision (2) of this subsection, and after reasonable intervention strategies have been implemented, that the student shall be subject to certain consequences which may include disenrollment from the school. Prior to any disenrollment, the parent or guardian shall have the opportunity to present any information that the parent deems relevant, and such information shall be considered prior to any final decision.

(4) If a full-time virtual school disenrolls a student under subdivision (3) of this subsection, the school shall immediately provide written notification to such student's school district of residence. The student's school district of residence shall then provide to the parents or guardian of the student a written list of available educational options and promptly enroll the student in the selected option. Any student disenrolled from a full-time virtual school shall be prohibited from reenrolling in the same virtual school for the remainder of the school year.

5. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

6. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:

- (a) Submit all necessary information pursuant to the requirements of the process; and
- (b) Meet the criteria described in subdivision (3) of this subsection;

(3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;

(4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization;

(5) Allow a course or full-time virtual school provider denied authorization to reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), annual performance report (APR), teacher certification, curriculum standards, audit requirements under chapter 165, access to public records under chapter 610, and school accountability report cards under section 160.522. Teachers and administrators employed by a virtual provider shall be considered to be employed in a public school for all certification purposes under chapter 168.

10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representatives elementary and secondary education committee. (2) On or before January 1, 2023, the department shall publish on its website, and distribute to all school districts and charter schools in this state, a guidance document that details the options for virtual course access and full-time virtual course access for all students in the state. The guidance document shall include a complete and readily understood description of the applicable enrollment processes including the opportunity for students to enroll and the roles and responsibilities of the student, parent, virtual provider, school district or districts, and charter schools, as appropriate. The guidance document shall be distributed in written and electronic form to all school districts, charter schools, and virtual providers. School districts and charter schools shall provide a copy of the guidance document to every pupil and parent or legal guardian of every pupil enrolled in the district or charter school at the beginning of each school year and upon enrollment for every pupil enrolling at a different time of the school year. School districts and charter schools shall provide a readily viewable link to the electronic version of the guidance document on the main page of the district's or charter school's website.

12. Any virtual school or program may administer any statewide assessment required pursuant to the provisions of section 160.518 except for college readiness or workforce readiness assessments provided by a national college and career readiness assessment provider in a virtual setting that aligns with the student's regular academic instruction. Any administration of a virtual statewide assessment shall meet the following conditions:

If the assessment platform does not allow for integrated camera proctoring, the student shall use two devices during the assessment. The first device shall be used to take the assessment and the second device shall have a functioning camera and be used to monitor the student during the assessment. However, if the assessment platform allows for the proctor to view the student and background, a second device shall not be required;
- (4) The virtual school or program shall maintain a student-assessment-taker-to-assessment-proctor ratio of ten to one or lower;
- (5) The student shall not exit the assessment platform until instructed to do so by the assigned assessment proctor; and
- (6) The student's submission of the completed assessment shall be verified by the assessment administrator.

13. The state board of education through the rulemaking process and the department of elementary and secondary education in its policies and procedures shall ensure that multiple content providers and learning management systems are allowed, ensure digital content conforms to accessibility requirements, provide an easily accessible link for providers to submit courses or full-time virtual schools on the Missouri course access and virtual school program website, and allow any person, organization, or entity to submit courses or full-time virtual schools for approval. No content provider shall be allowed that is unwilling to accept payments in the amount and manner as described under subdivision (3) of subsection 3 of this section or does not meet performance or quality standards adopted by the state board of education.

~~[13-]~~ 14. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

163.044. 1. Beginning with the 2007 fiscal year and each subsequent fiscal year, the general assembly shall appropriate thirty million dollars to be directed in the following manner to school districts with an average daily attendance of three hundred fifty students or less in the school year preceding the payment year, **provided that nonresident students enrolled in such school districts through section 161.670 shall not be included in the total for purposes of this section:**

- (1) Twenty million dollars shall be distributed to the eligible districts in proportion to their average daily attendance; and
- (2) Ten million dollars shall be directed to the eligible districts that have an operating levy for school purposes in the current year equal to or greater than the performance levy and any school districts which have an operating levy for school purposes in the current year less than the performance levy solely due to a modification of such district's levy required under subdivision (4) of subsection 5 of section 137.073. A tax-rate-weighted average daily attendance shall be calculated for each eligible district in proportion to its operating levy for school purposes for the current year divided by the performance levy with that result multiplied by the district's average daily attendance in the school year preceding the payment year. The total appropriation pursuant to this subdivision shall then be divided by the sum of the tax-rate-weighted average daily attendance of the eligible districts, and the resulting amount per tax-rate-weighted average daily attendance shall be multiplied by each eligible district's tax-rate-weighted average daily attendance to determine the amount to be paid to each eligible district.

2. The payment under this section shall not be transferred to the capital projects fund.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating the possessor's certificate. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall be valid for three years and shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

(2) (a) The statewide assessment system shall assess problem solving, analytical ability, evaluation, creativity, and application ability in the different content areas and shall be performance-based to identify what students know, as well as what they are able to do, and shall enable teachers to evaluate actual academic performance.

(b) The statewide assessment system shall neither promote nor prohibit rote memorization and shall not include existing versions of tests approved for use pursuant to the provisions of section 160.257, nor enhanced versions of such tests.

(3) After the state board of education adopts and implements academic performance standards as required under section 161.855, the state board of education shall develop and adopt a standardized assessment instrument under this section based on the academic performance standards adopted under section 161.855.

(4) The statewide assessment system shall measure, where appropriate by grade level, a student's knowledge of academic subjects including, but not limited to, reading skills, writing skills, mathematics skills, world and American history, forms of government, geography and science.

2. The statewide assessment system shall only permit the academic performance of students in each school in the state to be tracked against prior academic performance in the same school.

(2) Exemplary levels shall be measured by the statewide assessment system developed pursuant to subsection 1 of this section, or until said statewide assessment system is available, by indicators approved for such use by the state board of education.

(3) The provisions of other law to the contrary notwithstanding, the commissioner of education may, upon request of the school district, present a plan for the waiver of rules and regulations to any such school, to be known as "Outstanding Schools Waivers", consistent with the provisions of subsection 4 of this section.

4. (1) For any school that meets the criteria established by the state board of education for three successive school years pursuant to the provisions of subsection 3 of this section, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services.

(2) The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, in the school.

160.2700. For purposes of sections 160.2700 to 160.2725, "adult high school" means a school that:

- (1) Is for individuals who do not have a high school diploma and who are ~~[twenty-one]~~ **eighteen** years of age or older;
- (2) Offers an industry certification program or programs and a high school diploma in a manner that allows students to earn a diploma at the same time that they earn an industry certification;
- (3) Offers child care for children of enrolled students attending the school; and
- (4) Is not eligible to receive funding under section 160.415 or 163.031.

160.2705. 1. The department of social services shall authorize Missouri-based nonprofit organizations meeting the criteria of this section to establish and operate up to five adult high schools, with:

- (1) One adult high school to be located in a city not within a county;
- (2) One adult high school to be located in a county of the third classification without a township form of government and with more than forty-one thousand but fewer than forty-five thousand inhabitants or a county contiguous to that county;
- (3) One adult high school to be located in a county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or a county contiguous to that county;
- (4) One adult high school to be located in a county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants; and
- (5) One adult high school to be located in a county with more than seven hundred thousand but fewer than eight hundred thousand inhabitants, or a contiguous county.

2. The department of social services shall administer funding to adult high schools subject to appropriations. The department shall be responsible for granting and maintaining authorization for adult high schools. For adult high schools in operation prior to January 1, 2023, the department shall maintain authorization for the nonprofit organization to operate the schools, subject to compliance with this section. No more than one organization shall be authorized to operate an adult high school at each location described in subsection 1 of this section. An organization may establish satellite campuses for any adult high school it is authorized to operate. The department shall administer funding for satellite campuses subject to appropriations.

3. On or before January 1, 2024, the department of social services shall select an eligible Missouri-based nonprofit organization to operate in a location described in subdivision (5) of subsection 1 of this section. An eligible organization shall:

- (1) Demonstrate the ability to establish, within twenty-one months of the receipt of the authorization, an adult high school offering high school diplomas, an industry certification program or programs, and child care for children of the students attending the high schools;
- (2) Demonstrate the ability to commit at least five hundred thousand dollars for the purpose of establishing the necessary infrastructure at the adult high school;
- (3) Demonstrate substantial and positive experience in providing services, including industry certifications and job placement services, to adults ~~[twenty-one]~~ **eighteen** years of age or older whose educational and training opportunities have been limited by educational disadvantages, disabilities, homelessness, criminal history, or similar circumstances;
- (4) Establish a partnership with a state-supported postsecondary education institution or more than one such partnership, if a partnership or partnerships are necessary in order to meet the requirements for an adult high school;
- (5) Establish a comprehensive plan that sets forth how the adult high schools will help address the need for a sufficiently trained workforce in the surrounding region for each adult high school;
- (6) Establish partnerships and strategies for engaging the community and business leaders in carrying out the goals of each adult high school;
- (7) Establish the ability to meet quality standards through certified teachers and programs that support each student in such student's goal to find a more rewarding job;
- (8) Establish a plan for assisting students in overcoming barriers to educational success including, but not limited to, educational disadvantages, homelessness, criminal history, disability, including learning disability such as dyslexia, and similar circumstances;
- (9) Establish a process for determining outcomes of the adult high school, including outcomes related to a student's ability to find a more rewarding job through the attainment of a high school diploma and job training and certification; and
- (10) Limit the administrative fee to no more than ten percent.

4. (1) The department of elementary and secondary education shall establish academic requirements for students to obtain high school diplomas.

(2) Requirements for a high school diploma shall be based on an adult student's prior high school achievement and the remaining credits and coursework that would be necessary for the student to receive a high school diploma if such student were in a traditional high school setting. The adult student shall meet the requirements with the same level of academic rigor as would otherwise be necessary to attain such credits.

(3) The adult high school authorized under this section shall award high school diplomas to students who successfully meet the established academic requirements. The adult high school authorized under this section shall confer the diploma as though the student earned the diploma at a traditional high school. The diploma shall have no differentiating marks, titles, or other symbols.

(4) Students at adult high schools may complete required coursework at their own pace and as available through the adult high school. They shall not be required to satisfy any specific number of class minutes. The adult high school may also make classes available to students online as may be appropriate. However, students shall not complete the majority of instruction of the school's curriculum online or through remote instruction. For the purposes of this subsection, synchronous instruction connecting students to a live class conducted in a Missouri adult high school shall be treated the same as in-person instruction.

(5) The department of elementary and secondary education shall not create additional regulations or burdens on the adult high school or the students attending the adult high schools beyond certifying necessary credits and ensuring that students have sufficiently mastered the subject matter to make them eligible for credit.

5. An adult high school shall be deemed a secondary school system for the purposes of subdivision ~~[(45)]~~ (16) of subsection 1 of section 210.211.

160.2710. 1. Any person who is ~~[twenty-one]~~ **eighteen** years of age or older may enroll in an adult high school if he or she has not earned a high school diploma.

2. An adult high school shall give a preference in admission to those students who receive any local, state, or federal assistance in which a person or family is required not to exceed a certain income level in order to qualify for the assistance.

3. For the purposes of compiling and tracking dropout rates of a local education agency by the department of elementary and secondary education, a student transferring from a local education agency to an adult high school shall be considered a transfer student and not a dropout student from the local education agency."; and

Further amend said bill, Page 4, Section 163.172, Line 73, by inserting after all of the said section and line the following:

"167.167. Each school district shall prohibit, in name and practice, any zero-tolerance disciplinary policy or practice of discipline that results in an automatic disciplinary consequence against a pupil without the discretion to modify such disciplinary consequence on a case-by-case basis, such as automatic detention, suspension, or expulsion or the automatic imposition of other disciplinary measures.

168.025. 1. For purposes of this section, "teacher externship" means an experience in which a teacher, supervised by his or her school or school district, gains practical experience at a business located in Missouri through observation and interaction with employers and employees.

2. The department of economic development and the department of elementary and secondary education shall develop and recommend:

(1) Requirements for teacher externships that can be considered the equivalent of the completion of credit hours in graduate-level courses for purposes of salary schedules; and

(2) An equivalency schedule that sets forth the number of credit hours in graduate-level courses that shall be considered equivalent to and awarded for each type of teacher externship. To classify teacher externships and determine the number of credit hours that would be appropriate for each type, the length of the teacher externship, the practical experience gained, or any other factor deemed relevant may be considered.

3. The department of economic development and the department of elementary and secondary education shall adopt and publish on their websites, before July 1, 2020, requirements for teacher externships that can be considered the equivalent of the completion of credit hours in graduate-level courses for purposes of salary schedules and an equivalency schedule as described in subsection 2 of this section. Any teacher externship that meets the published requirements shall be known as and considered a certified teacher externship for purposes of this section.

4. If a school district or charter school uses a salary schedule in which a teacher receives a higher salary if he or she has earned credit hours in graduate-level courses, the school district or charter school shall consider any teacher who has completed a certified teacher externship to have completed credit hours in graduate-level courses on its salary schedule in the manner prescribed by the equivalency schedule developed under this section and compensate the teacher accordingly.

5. The department of elementary and secondary education and the department of economic development may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This

section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.

~~[6. Under section 23.253 of the Missouri sunset act:~~

~~(1) The provisions of the new program authorized under this section shall automatically sunset five years after August 28, 2019, unless reauthorized by an act of the general assembly;—~~

~~(2) If such program is reauthorized, the program authorized under this section shall automatically sunset ten years after the effective date of the reauthorization of this section; and—~~

~~(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.]~~

173.232. 1. There is hereby established the "Teacher Recruitment and Retention State Scholarship Program", which shall be administered by the department of elementary and secondary education. The program shall, upon appropriation, provide scholarships, subject to the eligibility criteria enumerated in this section, for eligible students who enter a teacher education program and make a commitment to teach as a condition of receiving such scholarship.

2. (1) Subject to appropriation, each year the department of elementary and secondary education shall make available to eligible students scholarships for up to two years in an amount that encompasses up to one hundred percent of the total cost of eligible students' tuition costs **and educational costs** related to teacher preparation at a four-year college or university located in Missouri, except that no amount granted for tuition shall exceed the amount of tuition charged a Missouri resident at the University of Missouri-Columbia for attendance. Such amount shall be paid by funds appropriated to the department.

(2) The maximum number of scholarships made available or the maximum amount awarded annually under this section shall be as follows:

~~[(1)]~~ (a) For academic years ending before July 1, 2025, two hundred scholarships or a maximum awarded amount of one million two hundred thousand dollars;

~~[(2)]~~ (b) For the 2025-26 academic year, four hundred scholarships or a maximum awarded amount of two million four hundred thousand dollars;

~~[(3)]~~ (c) For the 2026-27 academic year, four hundred forty scholarships or a maximum awarded amount of two million six hundred thousand dollars;

~~[(4)]~~ (d) For the 2027-28 academic year, four hundred eighty scholarships or a maximum awarded amount of two million eight hundred thousand dollars;

~~[(5)]~~ (e) For the 2028-29 academic year, five hundred twenty scholarships or a maximum awarded amount of three million dollars;

~~[(6)]~~ (f) For the 2029-30 academic year, five hundred sixty scholarships or a maximum awarded amount of three million two hundred thousand dollars; and

~~[(7)]~~ (g) For the 2030-31 academic year and all subsequent academic years, six hundred scholarships or a maximum awarded amount of three million four hundred thousand dollars.

(3) (a) **If the number of scholarships or the maximum awarded amount in a given academic year does not meet or exceed the limits listed in subdivision (2) of this subsection, the department shall use such remaining moneys to award additional scholarships for tuition costs and educational costs related to teacher preparation at a four-year college or university located in Missouri to students who are in such students' final semester of a state-approved baccalaureate-level teacher preparation program and are student teaching.**

(b) **The department shall determine the amount of each scholarship awarded under this subdivision based on an equal distribution of such remaining moneys among all students eligible under this subdivision.**

(c) **No amount granted for tuition and under this subdivision shall exceed the amount of tuition charged a Missouri resident at the University of Missouri-Columbia for attendance for one semester.**

3. As used in this section, the following terms mean:

(1) "Eligible student", an individual who:

(a) Is a United States citizen and a Missouri resident;

(b) Enters and makes a commitment to pursue a teacher education program approved by the department of elementary and secondary education and offered by a four-year college or university located in Missouri;

(c) Signs an agreement with the department of elementary and secondary education in which the recipient agrees to teach in a Missouri public school that is a hard-to-staff school or to teach at least one hard-to-staff subject area in a Missouri public school that offers classes in hard-to-staff subject areas, or both, for two years for every one year the recipient received the scholarship;

(d) Maintains a cumulative grade point average of at least two and one-half on a four-point scale or equivalent; and

(e) For scholarships awarded for any academic year beginning after June 30, 2025, has made a good faith effort to first secure all available federal sources of grant funding that could be applied to the total cost of such student's eligible tuition and fees as described in subsection 2 of this section;

(2) "Hard-to-staff schools", attendance centers where the percentage of certificated positions in the attendance center that were left vacant or were filled with a teacher not fully qualified in the prior academic year exceeds ten percent as reported to the department of elementary and secondary education;

(3) "Hard-to-staff subject areas", content areas for which positions were left vacant or were filled with a teacher not fully qualified in the prior academic year as reported to the department of elementary and secondary education.

4. If the number of applicants exceeds the number of scholarships or revenues available, the department of elementary and secondary education may consider the financial needs of the applicant.

5. The scholarships provided in this section shall be available to eligible students who meet at least one of the following:

(1) Have successfully completed two years at a community college with a minimum of forty-eight credit hours and a grade point average of at least two and one-half on a four-point scale or the equivalent;

(2) Have been awarded an associate degree or the equivalent;

(3) Have successfully completed five semesters at a four-year college or university with a minimum of sixty credit hours and a grade point average of at least two and one-half on a four-point scale or the equivalent; or

(4) Have completed their baccalaureate degree.

6. (1) Every eligible student receiving scholarships under this section shall teach in an elementary or secondary public school in Missouri as provided in paragraph (c) of subdivision (1) of subsection 3 of this section. The student shall teach for a period of two years for every one year such student received a scholarship under this section; otherwise, the scholarship shall be treated as a loan to the eligible student. Interest shall be charged on the unpaid balance of the amount received from the date the eligible student ceases to teach until the amount received is paid back to the state. The interest rate shall be adjusted annually and shall be equal to one percentage point over the prevailing United States prime rate in effect on January first of such year.

(2) In order to provide for the servicing of such loans, the department of elementary and secondary education ~~may~~ **shall** sell such loans to the higher education loan authority of the state of Missouri created pursuant to sections 173.350 to 173.445. For each year the student teaches, up to eight years, one-eighth of the amount received pursuant to this section shall be applied against the total amount received and shall not be subject to the repayment requirement of this section ~~;~~ ~~provided that twenty-five percent of such amount, not subject to repayment, shall be repaid by the local school district to the department~~.

(3) The department of elementary and secondary education shall have the power to and shall defer interest and principal payments under certain circumstances, which shall include, but need not be limited to, the enrollment in a graduate program or service in any branch of the Armed Forces of the United States.

7. There is hereby established in the state treasury a fund to be known as the "Teacher Recruitment and Retention State Scholarship Program Fund", which shall consist of all moneys that may be appropriated to it by the general assembly, and in addition may include any gifts, contributions, grants, or bequests received from federal, state, private, or other sources. The fund shall be administered by the department of elementary and secondary education. Notwithstanding the provisions of section 33.080 to the contrary, moneys in the fund shall not be transferred to the credit of the general revenue fund at the end of the biennium. Interest and moneys earned on the fund shall be credited to the fund. Moneys in the fund shall be used solely for the purpose of awarding scholarships under the provisions of this section.

8. An individual who has qualified as an eligible student under this section shall continue to qualify as an eligible student for purposes of paragraph (c) of subdivision (1) of subsection 3 of this section as long as such individual remains employed by the school district in which such individual agrees to teach regardless of whether such individual's employing school no longer qualifies as a hard-to-staff school, such class taught by such individual no longer qualifies as a hard-to-staff subject area, or such individual's position within the school district changes.

177.086. 1. Any school district authorizing the construction of facilities which may exceed an expenditure of fifty thousand dollars shall publicly advertise, once a week for two consecutive weeks, in a newspaper of general circulation, qualified pursuant to chapter 493, located within the city in which the school district is located, or if there be no such newspaper, in a qualified newspaper of general circulation in the county, or if there be no such

newspaper, in a qualified newspaper of general circulation in an adjoining county, and may advertise in business, trade, or minority newspapers, for bids on said construction.

2. No bids shall be entertained by the school district which are not made in accordance with the specifications furnished by the district and all contracts shall be let to the lowest responsible bidder complying with the terms of the letting, provided that the district shall have the right to reject any and all bids.

3. All bids must be submitted sealed and in writing, to be opened publicly at time and place of the district's choosing.

4. The requirements of this statute are not applicable if the district utilizes a cooperative procurement service, state procurement services as authorized in sections 34.046 and 67.360, services as authorized under section 67.5060, or other purchasing processes authorized by state or federal law."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

THIRTY-SEVENTH DAY, TUESDAY, MARCH 11, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The Lord shall preserve thy going out and thy coming in from this time forth and even forever more. (Psalm 121:8)

Eternal Father of our souls, at the beginning of another lengthy day we pause a moment in Your presence seeking guidance at Your hand, strength for the long hours, and wisdom for the decisions and votes we have to make today.

May Your blessing rest upon these Representatives of our people and may Your spirit move in their hearts as they seek to promote justice in our land, goodwill between our people, and cooperation among political lines. As a result of their endeavors, may obedience to law, the rights of the individual, and loyalty to our state be firmly established among us. God bless our Missouri and keep her citizens healthy, now and forever, on this Alzheimer's Awareness Day!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-sixth day was approved as printed by the following vote:

House Amendment No. 3

AMEND House Committee Substitute for House Bill No. 1259, Page 3, Section 143.341, Line 18, by inserting after all of said section and line the following:

"650.058. 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime solely as a result of DNA profiling analysis may be paid restitution. The individual may receive an amount of one hundred dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term "actually innocent" shall mean:

(1) The individual was convicted of a felony for which a final order of release was entered by the court;

(2) All appeals of the order of release have been exhausted;

(3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the parole board in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person's probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court's or the parole board's sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that their probation or parole was revoked in connection with the crime for which the person has been exonerated; and

(4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, demonstrates a person's innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than thirty-six thousand five hundred dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. ~~[No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831.]~~

2. If the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may only be filed by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.

4. Failure by an offender to fully, adequately and correctly complete the form may be considered by the parole board for purposes of a parole determination, and in determining an offender's parole release date or eligibility and shall constitute sufficient grounds for denial of parole.

(8) "Will", a codicil and any testamentary instrument that appoints an executor, revokes or revises another will, nominates a guardian, or expressly excludes or limits the right of an individual or class to succeed to property of the decedent passing by intestate succession.

474.544. An electronic will is a will for all purposes of the laws of this state. The laws of this state applicable to wills and principles of equity applies to an electronic will except as modified by sections 474.540 to 474.564.

474.546. A will executed electronically but not in compliance with subsection 1 of section 474.548 is an electronic will under sections 474.540 to 474.564 if executed in compliance with the law of the jurisdiction where the testator is:

(1) Physically located when the will is signed; or

(2) Domiciled, or where the testator resides, when the will is signed or when the testator dies.

474.548. 1. An electronic will shall be:

(1) A record that is readable as text at the time of signing under subdivision (2) of this subsection and remains accessible as text for later reference;

(2) Signed by:

(a) The testator; or

(b) Another individual in the testator's name, in the testator's physical presence, and by the testator's direction; and

(a) The signing of the will under subdivision (2) of this subsection; or

(b) The testator's acknowledgment of the signing of the will under subdivision (2) of this subsection or acknowledgment of the will.

2. The intent of a testator that the record under subdivision (1) of subsection 1 of this section be the testator's electronic will may be established by extrinsic evidence.

3. In accordance with section 474.337 or 474.550, a witness to a will shall be a resident of a state and physically located in a state at the time of signing if no self-proving affidavit is signed contemporaneously with the execution of the electronic will.

474.550. At the time of its execution or at any subsequent date, an electronic will may be made self-proved in the same manner as specified in section 474.337 or, if fewer than two witnesses are physically present in the same location as the testator at the time of such acknowledgments, before a remote online notary authorized to perform a remote online notarization in this state under the law of any state or the United States, and evidenced by a remote online notarial certificate, in form and content substantially as follows, subject to the additional requirements under section 486.1165:

State of _____
County (and/or City) of _____

I, the undersigned notary, certify that _____, the testator, and the witnesses, whose names are signed to the attached or foregoing instrument, having personally appeared before me by remote online means, and having been first duly sworn, each then declared to me that the testator signed and executed the instrument as the testator's last will, and that the testator had willingly signed or willingly directed another to sign for the testator, and that the testator executed it as the testator's free and voluntary act for the purposes therein expressed; and that each of the witnesses, in the presence and hearing of the testator, signed the will as witness and that to the best of the witnesses' knowledge the testator was at that time eighteen or more years of age, of sound mind, and under no constraint or undue influence.

In witness thereof I have hereunto subscribed my name and affixed my official seal this _____ (date).
_____ (official signature and seal of notary)

474.552. 1. An electronic will may revoke all or part of a previous will.

2. All or part of an electronic will is revoked by:

(1) A subsequent will that revokes all or part of the electronic will expressly or by inconsistency;

(2) A written instrument signed by the testator declaring the revocation; or

(3) A physical act, if it is established by a preponderance of the evidence that the testator, with the intent of revoking all or part of the will, performed the act or directed another individual who performed the act in the testator's physical presence.

3. If there is evidence that a testator signed an electronic will and neither an electronic will nor a certified paper copy of the electronic will can be located after a testator's death, there is a presumption that the testator revoked the electronic will even if no instrument or later will revoking the electronic will can be located.

474.554. Without further notice, at any time during the administration of the estate or, if there is no grant of administration, upon such notice and in such manner as the court directs, the court may issue an order under sections 472.400 to 472.490 for a custodian of an account held under a terms-of-service agreement to disclose digital assets for the purposes of obtaining an electronic will from the account of a deceased user. If there is no grant of administration at the time the court issues the order, the court's order shall grant disclosure to the petitioner who is deemed a personal representative under sections 472.400 to 472.490.

474.556. 1. An individual may create a certified paper copy of an electronic will by affirming under penalty of perjury that a paper copy of the electronic will is a complete, true, and accurate copy of the electronic will. If the electronic will is made self-proving, the certified paper copy of the will shall include the self-proving affidavit under section 474.337 or 474.550.

2. If a rule of law or procedure requires a will to be presented or retained in its original form or provides consequences for the information not being presented or retained in its original form, that rule of law or procedure shall be satisfied by a certified paper copy of an electronic will.

474.558. In applying and construing sections 474.540 to 474.564, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

474.560. 1. Any written estate planning document may be executed electronically, and no such estate planning document shall be invalid or void solely because it is in electronic form or because it is signed electronically by a settlor, trustee, principal, grantor, declarant, or owner, or by a witness to any such person's signature. For purposes of this section, "estate planning document" shall include, but not be limited to:

(1) A power of attorney or durable power of attorney;

(2) A health care declaration;

(3) An advance directive;

(4) A power of attorney for health care or durable power of attorney for health care;

(5) A revocable trust or amendment thereto, or modification or revocation thereof;

(6) An irrevocable trust;

(7) A beneficiary deed;

(8) A nonprobate transfer; or

(9) A document modifying, amending, correcting, or revoking any written estate planning document.

2. (1) An electronic estate planning document or an electronic signature on such document shall be attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of a security procedure applied to determine the person to which the electronic record or signature was attributable.

(2) The effect of attribution of a document or signature to a person under subdivision (1) of this subsection shall be determined from the context and surrounding circumstances at the time of its creation, execution, or adoption and as provided by other law.

3. (1) Unless otherwise provided under its terms, any electronic estate planning document may be signed in one or more counterparts, and each separate counterpart may be an electronic document or a paper document, provided that all signed counterpart pages of each document are incorporated into, or attached to, the document.

(2) An individual may create a certified paper copy of any such electronic estate planning document by affirming under penalty of perjury that a paper copy of the electronic estate planning document is a complete, true, and accurate copy of such document. If a rule of law or procedure requires an estate planning document to be presented or retained in its original form or provides consequences for the information not being presented or retained in its original form, such rule of law or procedure shall be satisfied by a certified paper copy of an electronic document.

4. Any written estate planning document, other than a will, that requires one or more witnesses to the signature of a principal may be witnessed by any individual or individuals in the electronic presence of the principal.

5. A person who acts in reliance upon an electronically executed written estate planning document shall not be liable to any person for so relying and may assume without inquiry the valid execution of the electronically executed written estate planning document.

6. This section does not require a written estate planning document to be electronically signed.

7. The laws of this state and principles of equity applicable to any estate planning document shall apply to any electronic estate planning document except as modified by this section.

474.562. The provisions of sections 474.540 to 474.564 modify, limit, and supersede the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7001 et seq., but do not modify, limit, or supersede Section 101(c) of that act, 15 U.S.C. 7001(c), or authorize electronic delivery of any of the notices described in Section 103(b) of that act, 15 U.S.C. Section 7003(b).

474.564. The provisions of sections 474.540 to 474.564 shall apply to the will of a decedent who dies on or after August 28, 2025, and to each other written estate planning document signed or remotely witnessed on or after August 28, 2025.

474.600. 1. As used in this section, the following terms mean:

(1) "Applicable state of emergency", the period between April 6, 2020, and December 31, 2021, during which a state of emergency existed due to a COVID-19 public health threat, as proclaimed by the governor, and during which executive orders 20-08, 20-10, 20-12, 20-14, 20-19, 21.07, and 21.09 temporarily suspended the physical appearance requirements under this chapter and authorized the use of audio-visual technology to the extent that any Missouri statute required the physical presence of any testator, settlor, principal, witness, notary, or other person necessary for the effective execution of any estate planning document such as a will, trust, or power of attorney, or a self-proving affidavit of the execution of such document, if the conditions set forth in the executive orders were met;

2. With respect to the execution of an estate planning document, a necessary person shall be deemed to have satisfied any physical presence requirement under Missouri statute during the applicable state of emergency if the following requirements were met:

- (1) The signer affirmatively represented that the signer was physically located in the state of Missouri;
- (2) The notary was physically located in the state of Missouri and stated in which county the notary was physically located for the jurisdiction on the acknowledgment;

- (5) The notary recorded in the notary's journal the exact time and means used to perform the notarial act, along with all other required information, absent the wet signatures.

3. The requirements of subdivisions (1) to (5) of subsection 2 of this section shall be deemed satisfied if an attorney who is licensed or authorized to practice law in Missouri and who was present at the remote execution signs a written acknowledgment made before an officer authorized to administer oaths under the laws of this state, and evidenced by the officer's certificate, under official seal, affixed to or logically associated with the acknowledgment.
